Costlier Tobaccof!

Camels are made from finer, MORE EXPENSIVE TOBACCOS — Turkish and Damestic — than any other popular brand.

Modern life bombards us all with a thousand and one little jars, shocks, and nervous irritations. The strain tells on digestion...slows down the flow of digestive fluids.

And it is to Camels that one naturally turns to put more enjoyment into eating. As you enjoy your Camels at mealtime, the flow of digestive fluids speeds up...alkalinity is increased. You feel at rights with the world!

Camel's invigorating "lift"...Camel's aid to digestion...Camel's matchless taste and fragrance—all these are yours when you make Camels *your* cigarette. Camels set you right! And they never get on your nerves.

GREATER ATTRACTION

Mother: Don't you want to be the kind of a girl that people look up to?

Edna: No, I wanna be the kind of girl that people look around at.

"Hey, Jake, where are the old cuspidors?"

"I threw them away."

"Gosh, I'm going to miss them."

"You always did."

Co'ed, in Hanley's: I want a plain coke without flavor.

Waitress: What flavor do you want it without?

Co-ed: What flavors have you got?

Waitress: We have chocolate, pineapple, vanilla and caramel.

Co-ed: Well, I wanted it without strawberry.

Waitress: I'm sorry, we're all out of strawberry. Would you just as soon have it without chocolate?

Radio comedians now work on the trophy system. After they use a joke three times it becomes their permanent possession.

"Mother called father a stupid ass. Father called mother an idiot."

"But why are you crying?"

"What am I?"

OVERHEARD

"What's all the hurry?"

"Just bought a new textbook and I'm trying to get to class before the next edition comes out!"

NEW FEATURE

(See Page 4)

Beginning with this issue The Siren will print a familiar campus view.

It is our belief that many of you will welcome the chance to tear out these pages, and, in later years, have a permanent collection of views of your Alma Mater.

The first view . . . may we explain to new students . . . is the Law building, whence come the familiar chimes that are part of one of Illinois' most cherished traditions.

In the next issue we will again print a familiar scene . . . won't you let us know which one you would like to have.

You can't go wrong with PRINCE ALBERT!

There's mighty good reason why Prince Albert is the world's largest-selling smoking tobacco. The pick of choice tobaccos gives it deep-down satisfying tastiness. The special "crimp cut" insures mild, cool smoking. And the "nobite" process takes the nip out of every fragrant, nut-brown particle of Prince Albert.

There's no other tobacco like this princely joy smoke, men. Prince Albert is tops for roll-your-own cigarettes too.

THINGS 'N STUFF

HINGS 'n' stuff happen during the summer and we noticed a few . . . if we missed you we are sorry . . . and maybe it is better we did . . . or is it? . . . Again before we start don't look around for "Broadwalk" or "Coke 'n' Smoke" . . . this is it all rolled into one. . . . First let us mention the escapades of the "Bidwellites" at Madison, . . . Starting out with probably one of the smoother? people from the University of Illinois let me call your attention to "FATSO" GLEASON, better known as CHI PSI "Landlord, fill the flowing bowl" who made a hit with the Delt housemother. In fact, as Eddie was climbing up the wall to the girls' room she took a shot with her little .44 and Eddie . . . not knowing which way to turn . . . dived into Lake Mendota. . . . This splashed all the water out and consequently there was no swimming until it rained three days later. . . . In the meanwhile ART COLLINS, Prexy of the Lodge, was whipping down Observatory Hill to the Informary. . . . His date, KAY SCHMOEGER, KAT alum, had sat on one of those glass things containing beer and needed two stitches to hold herself together. . . . It may sound crazy but everything happens at Madison. . . . One-fifth of the SIGMA KAPPA household decided to further their education? this past summer up at Madison also . . . the summer paradise . . . and we wonder if JANE HUEY, "CHRIS" ZOLLER and ELINOR CHILTON learned much outside of "Romance under a Wisconsin moon," . . . They say the men are much nicer up there . . . at least during the summer. . . . 1 was talking to "DOGWOOD" JUDY, Sig Alph politician and he claims that the rumor that he was hitch-hiking to Madison to see a "frill" had no ground, . . . Of course, a mere 125 miles from Sparta to Madison didn't prevent "LAUGHING BOY" WALLIE WILLARD. . . . Yes another one of those Lodge boys . . . from dropping down for the mint julep party given for "TOOTHIE" LARGE and "QUEENIE" Byers, more KATs . . . "EADIE" McKINSTRY, a sorority sister, entertained by jumping off the pier in somebody's top-coat. . . . This weight plus our EDITH'S own buxom beauty would have been her end if DON BOWMAN . . . Ye Gods . . . another CHI PSI? . . . hadn't jumped in and dragged her by her streaming stresses to shore. . . . MORRIE GREEN and "SCOOTER" BRENAN. SIGMA NUs, entertained the better BETA girls by playing black-jack with them on the balcony after closing hours. . . . The boys always seem to loose . . . that's right . . . there is no chance for hooking the dice. . . . CARL SUNDSTROM and AL BROOKS, DELTS, have bachelor? rooms at the Claridge Apartments. . . . Their

Japanese prints are worth seeing. . . . That reminds us that JEAN SMITH, THETA, was up there to see GEORGE ALLEN, another DELT. . . . Their idea of a wild week end was missing church. . . . Oh you kids . . . and further immoralizing by sipping luscious strawberry sodas in a campus den of iniquity. . . . The former A. O. PI trick, LOIS DAVIS, was up to swim and sail with PAUL MINTER, once a DELTA SIG at our alma mater. . . . The statue of Lincoln didn't rise when BERNICE SAMMERS and HERMINE MYERS, A. E. PHI curbstone cuties stood directly in front of him. . . . For full understanding of this ask any of the aforementioned individuals . . . BETTY MERRIAM . . . No, the THETAS don't hold sway up here . . . and AL MULLIKEN, DELT, went dancing with a crowd of us one memorable Saturday night. . . . They excused themselves to dance and returned in nothing lass than three hours. . . . What was it? . . . Some kind of marathon? . . . Imagine what a sight JEAN HOEBEL and KITTY THOMPSON, more THETAs, presented to the BETA battle-ax house marm, when she caught them crawling up the balcony after late dates with "BUD" KAESER and "HOWIE" RUSSELL, the "treat-'em rough" SIG ALPH children, . . . I wish you could tell us who is the THETA DELTA CHI that keeps phoning and calls himself "TOM COLLINS". . . . What is his trouble . . . besides being a "spook". . . . At least he haunts us. . . . MARY COURTRIGHT, last year's B. W. O. C. can be seen almost any afternoon trying to keep her fat tummy bobbing under the BETA pier. She is in hot water because she doesn't know if she prefers the 18-year-old to the law "stew". . . . One night the CH1 PSIs were throwing a beer party. . . . Unsual eh? SHD AUER, our old business manager, was presiding. . . . One of the smarter boys asked her when she was going to start paying a house bill. . . . Sid replied in rather strong language that she ought to get something for teaching "SWEDE" ANDER-SON . . . a CH1 PS1 that was . . . calisthenics . . . Last year's Soph. prexy, AL BITZER, flunk, drove up here in his new car to impress one and all. . . . His impression was so over-whelming that a PI PHI from Texas exclaimed: "Oh look at the lonk drink of warm lemonade wrapped in cellophane." . . . CARLYN REINEBERG. WGCD, was been, is probably still raving about her three hour love affair with an ALPHA DELT from Amherst. . . . "HONKY" BARTHOLOW, red-headed KKG of '39 who is known for those nether limbs she flashed around . . . we admit she has a right to . . . is so hospitable that despite all protests from higher authorities, insists on kissing her PSI U passion good-night at 4 a. m. . . . How we miss that KAPPA blue-room, girls, . . . The CHI PSIs must still have some money . . . even though they don't spend it on their dates. . . . JACK TRIGENZA paid his deposit on his room and never showed up. . . . Maybe it was from taking one little drink for bridges and

two for white horses, . . . But enough is enough no matter how good . . . so let us stay at HLLINOIS and go to

SPORT

By BOB WILT

This year it is a grin, defiant Zuppke; it is a determined, spirited team; it is a hopeful, anxious student body; and it is a rugged, powerful Conference—and one of the main reasons is that Illinois expects to return to its gridiron glory of the past with a desperate, well-balanced eleven strengthened greatly by a promising crew of sophomores and ably supported by stalwart veterns, all endeavoring to terminate the reign of the vicious Minnesota Gophers and to stain the spotless victory trail of Ohio State's Buckeyes.

All such turore and enthusiasm has developed because for the first time in recent years there will be size to augment the usually sturdy but small linemen and there will be technique and power in the backfield to replace the daring "Flea Circus"—one of Zup's newest and most formidable creations. Add to that the craft of the veteran Zuppke, beginning his 23rd year at the Illinois helm, who admits the great possibilities that await to be developed and who hopefully visions his most successful eleven since the last championship days.

Of course there are ifs. Last year injury ran amuck and ruined each winning combination—Lindberg, Sayre, and then finally Spurgeon each talling victim. Already this year, fate has played an important role-keeping the coaches in suspense pending the injury of Jack Berner, outstanding sophomore lineman last year who was to be used at quarterback this season. His definite loss will cause an early change of plans. However, the greatest gamble this fall is on the many aspiring newcomers who have proved their mettle somewhat in the drills last season and this spring. Only time will tell whether or not they are ready for actual competition. The other chance to be taken is the discarding of the highly successful "Flea Circus" in favor of the style of football more suitable to the expected heavier team. Zuppke's novelty has functioned successfully for two years, being responsible for wins over such potent teams as Ohio State and Southern California when Illinois could only present small and shifty players. The change may prove drastic, but Zuppke usually knows, and IF the sophomores come through as predicted-it will be a great Illini

The schedule does not really favor Illinois. The two games before the invasion of the Trojans of Southern Calitornia are not "feelers." Last year DePaul opened against Northwestern and really surprised Lynn Waldort before losing a gallant battle, and it seems that Washington university of St. Louis just lives to play Illinois and hopefully tries to inject defeat. The only good thing is that both games are at home and thus no traveling will be done at all until after the Trojan invasion. But even such a game as one with Southern California just a week before the Big

"Hell! Kuhn you should'a perled one that time."

Ten opener is not entirely welcome in a Conference where every team is packed with surprises and intent upon winning. On October 17, the Illini gridders make their first appearance since 1929 at Iowa City in their Big Ten debut, and follow that game with the Northwestern and Michigan tilts before getting any rest whatsoever. Then, after a week's lapse, Ohio State comes to Champaign, and Chicago is met the following Saturday. It is not an easy schedule, and it will be a tough climb for especially the first-year men. It will make them or break them.

Twelve lettermen, five of them regulars, are gone from last year's group and their passing leaves a big hole in the line. Such performances as only Chuck Galbreath, Arvo Antilla, and Eddie Gryboski were capable of, will be missed, as will be the triple-threat Les Lindberg, and the invaluable George Frederick, who did a wonderful job filling in for El Sayre when the latter was injured. Others who will not return are Bob Wright, Cliff Gano, Ken Bradley, Earl Jansen and Ellsworth Van Orman, backs, and Matt Tischler and Herb Glazer, tackle and end.

Outstanding among the holdovers is Capt. El Sayre, courageous center whose fractured jaw is now perfectly healed and who seems destined to be one of Illinois' greatest centers. He is a spirited leader who never gives up. Veterans supporting him in the line are Cliff Kuln, 170 pounds of dynamite at guard; Ken Nelson, Zup's most versatile and dependable performer who might play at end or in the backfield, and another pair of experience ends, Gene Dykstra and Francis Cantwell. Returning backs are

the sensational Lowell Spurgeon who gained fame as Lindberg's substitute, Bobby Grieve, speedy halfback, Wib Henry, six-letter winner, Jewett Cole, who likes Southern California, and fullbacks Tommy Wilson, John Kanosky, and John Theodore. Here is the nucleus of a great team, needing only assistance from the sophomores.

Rangy ends, some brilliant as pass receivers, some as blockers, and some as tacklers; heavy inner linemen, and several shifty backs, who can either pass, run or kick with equal ability have given rise to hopes that the sophomores will provide the necessary punch. Bob Castelo, a local boy, looks good at end along with Bob Reeves, Bill Johnson, and Joe Klemp; 200-pounders Harry Lasater and Al Lundberg have hopes of filling the tackle vacancies although young Bob Zuppke has shown considerable promise. Guards who look worthy are Willard Cramer, Jim McDonald, Dick Shultz, and Al Myers, while Pete Kovachic and Tom McConnell will furnish ample reserve for Capt. Sayre in the center of activities.

In the backfield, all eyes have focused on Jay Wardley most constantly. The Rockford star passes well and runs cleverly, and it is possible that he may win himself a half-hack herth right from the beginning. Dave Strong, a little Tarzan, from Montana, threatens the veterans, and Leo Stasica, Ken Zimmerman, and Frank Huston all look as good material. It is a swell crop to choose from, and a good substantial reason why football at Illinois is looking up.

FALL FASHION PARADE

By DONNA

O NCE again we hear the familiar crv—echoing . . . "Tweeds, tweeds, tweeds!" They head the "must" list this year, particularly in suits. A three-piece tweed suit is practically half a wardrobe in itself, and there are numerous variations to keep your choice from being just like every other one on campus. For instance, a top-coat of blocked lapin in brown or black (over your conotone tweed suit) is one new idea that deserves a lot of consideration, for the top-coat can be worn with practically everything else vou own. Swagger, of course. Or a top-coat of matching or harmonizing tweed with a tur collar, usually either racoon or wolf (nothing better for those exhilerating but chilly rumble seat rides) . . . whatever way you look at it, tweeds answer to any occasion. You can chance the effect of mannish sports clothes simply by donning spike heels and a very feminine hat and substituting fabric gloves for pigskins.

Which is a good example of the fact that the importance of accessories cannot be overestimated. The hat stylists have been unusually extensive in their ideas, and you can quote us, for we made a pretty thorough search of the shops in Chicago. If you're desirous of wearing a jaunty (or dizzy) little chapeau, put your shoulder to the wheel and you're sure to find any number of them that not only carry out all your extreme ideas but also look as though they were made for you.

Special mention is merited by the feminine fedora which can be bent into almost any shape. It's a good investment, for you'll find that you've been mistaken all these years you've spent in telling yourself and the world, "I simply can't wear a fedora." And they're especially attractive, we'd even say necessary, if you vary your coiffure.

A new note in color. Let your outfits harmonize instead of match. The results are interesting and aristocratic. It can be done very nicely with the inevitable knits, which prevail as much as ever.

A two-piece velveteen dress (Chanel first thought of it, and now every college girl is following the lead) has endless uses and is always very smart. Rabbit hair wool is another popular fabric for daytime dresses. As for trimming—fur on collar, cuffs and pockets gives dash and charm and is again the height of style. Something that's very new for fall . . . a bolero over a slim one-piece dress. And you'll find the ascot present, to complete a two-piece jacket dress with a zipper front, or,

When it comes to afternoon dresses, crepe is the thing. Tunics are correct for any event that demands something a "Bit more dressy," and dozens of very stunning models are being shown. Be significant with glistening jewelry; it's a distinguishing factor, but take care to limit the quantity.

The question of formals is a fascinating one, and not too difficult. Sophistication or simplicity as best

suits you, and plenty of the new ones combine both. Crepes are preferred here too, along with moires, but the material is irrelevant. Swing is the thing, and plenty of swish to go with it. Your gown must go in cahoots with the current popular tunes. Backs are still low, but seem to have more to them. (Try a model with full, wide straps forming a graceful "X" on your back). "Wrap an ankle length cape or coat of velvet (black or a deep maroon) around you when you brave the night wind.

"And so to bed." There's a new knit sleeper, exactly what every college girl wants, very pretty and comfy. You can get it in any pastel shade. A final tip, something that's far from new but still something that you'll want for week-ends... a delicate nightgown of pale blue or eggshell satin.

Life Begins For '40

By STAN GOODMAN

(Warning to "40" !!!—Any freshman reading this daring? expose before September 19 is liable to be visited by any plague deemed suitable and fitting for his crime by his respective fraternal organization. If he reads it afterwards what the hell!!—he's still hooked for good!!!)

* * * * * *

Once more, a new semester finds us jovially slapping the suntanned backs of "old buddies" with the left mitt while we haltingly stick out our right paw in a futile gesture to collect old debts. But with this new term, the frat man's fancy lightly turns to thoughts of rushing.

For a whole week preceding the arrival of the new recruits, the brothers who have united for the big drive, nail carpets, wax floors, polish brass, dig weeds and toss furniture with all of the determination and zealous inspiration of a stadium full of martyrs. When the boys finally pass out on the front lawn from exhaustion, pride, and other complications, the old homestead is shining like a silver dollar—which should be no surprise to the bond holders who have had a hunch right along that the joint wasn't worth much more than that.

. Hardly has the welcome mat been dragged out of the hope chest and fumigated for use during the open season on freshmen, when the innocent quarry begins to descend upon the campus. With wild yells the frat wolves drag the protesting prey out of trains and buses, and pile them into waiting cars which drive like hell to get their precious cargo out of reach of the other fraternity riot squads.

A victim is unusually fortunate if his baggage reaches the same destination as its owner. The head hunters who were not warlike enough to capture the body, are content to fight it out for his trunk and grips; and unless the owner ransoms his luggage by accepting the pledge pin of the outfit that has become its custodian, he may be compelled to do his unwilling part to make the Illini man a picture of sartorial splendor. But then there is always consolation in the thought of how proud the old man will be when he comes down for the big game and sees a Dhi Pelt decked out in little Willie's topcoat, a Sappa Kig strutting his stuff in Willie's striped socks or a Peke who looks as though he had been poured into little Willie's purple gaberdine (Esquire please copy). But then this is only a minor calamity of fraternity life; it's a fortunate college man, indeed, who can go through four years and ever get a chance to sport him own duds, anyway.

When the fortress is finally gained, the attitude of these Black Legionnaires of the fraternity changes immediately. The prisoner is released and eager hands assist him from the car. Any baggage that he has retained is gently taken from him and is carted into the house by guys who at any other time are too lazy to snore while they're sleeping. Our hero is then introduced to a bunch of mugs who while giving him the old pumphandle shake tell him how they have been looking forward to meeting the Badminton champ of Clambake county.

Life then really begins for "40". He is handed a clean towel every time he washes his hands; the unwritten law decrees that the most comfortable bed in the dorm shall be his; and he finds that stories which never drew even a snort in Dopeburg now throw the boys into uncontrolled spasms of gleeful howling. Mealtime reveals that even the cook has begun a concentrated drive to hook him. The food is enough to bring gustatory delight to even little Willie College who has grown into such a fine boy because his mother really knew her Dopeburg calories.

At this time the boys begin to make their impression by screnading the guest of honor with a flock of painfully practiced fraternity hymns. The fact that these merry fellows sound like the St. Paul choristers on a bender makes no difference to the kid who is beginning to like this fraternity stuff. Then Willie is treated to a Cook's Tour of the trophy room and is continually pushed in the way of those brothers who are striding around in letter and numeral sweaters or with Phi Bete keys dangling on their heaving bosons.

Time marches on—"Yep, these boys are O. K.," muses Willie. "All that stuff I heard about high pressure rushing must be the bunk." Sure it's the bunk, little fellah; you were just "hot" when you took down one of the boys in a set of tennis, although the latter was supposed to be especially proficient in that sport as his three letters indicated; or maybe you were just playing in luck when you practically blasted the intranural golf champ off the fairways.

Even the aid of the unfair sex is enlisted to complete the conquest. When one of these sorority smoothies finishes with her night's work which on this particular occasion is Willie, he is firmly convinced that he is the most fascinating hunk of handsomeness that has hit the campus in years. He also has a pretty good idea of which fraternal organization she thinks is accs. And of course she couldn't be handing him a line. Hell no, how could she be wrong?

Then the zero hour arrives. Suddenly Willie finds himself confronted by a bunch of scowling mugs who strangely resemble his happy playfellows of the previous joyous hours. And so with a shudder of apprehension we turn our backs as the door closes on little Willie who now finds himself in the middle of a hot box that the proprietor of a Turkish bath could well envy. The struggle is usually swift, but regardless of the victim's hardiness, there can be but one conclusion. When the door opens again, out strides Willie College who is now a fraternity man in the making.

Here's wishing ya luck, "40"!!!

MEN'S FASHIONS

By MARV ROSENBERG

THE OLD saving that "Clothes Make the Man" is not necessarily true, but you must admit that they help to improve him. Although this issue is primarily for the incoming freshmen, I hope it will be of value to the upper classmen. Naturally the extent of one's ward-robe depends upon the interest and finances of the individual, but I shall attempt to give you some tips on the latest fashions for the college man.

We might as well begin with suits, as they are the main part of your wardrobe. The biggest thing in sport suits for classes is the singlebreasted model with "side-vents" (seven inch cuts at the bottom of the back of the coat). This feature is being shown on the majority of sport suits for fall. ""Cussets," or small seven-inch bi-swings at the shoulders are a popular running mate to the side-vents. They afford all the comfort and freedom that you can get from any sport back. There is a tendency toward plainer backs with less shirring, pleating, and the like. The best effect is brought out in this type of suit by a rough texture fabric. The front has either two or three buttons with the latter coming up fast. Slanted pockets with flaps are another style of the hour.

Far out in front coming down the home stretch is the double-breasted drape suit. The shoulders are loose and it has a deep full chest which is produced by a sharper waistline. The back of this suit is plain except for a small center vent if you prefer.

Colors are a little more sombre for tall with the polychromatic stripes and plaids the leading patterns.

For classes it is a very good idea to have combinations of sport coats and trousers. The style for coats can be any sport back. If you take the following suggestions I believe you can produce the best combinations:—if wearing a dark shaded coat, wear trousers of a lighter shade and vice-versa. If the coat has a small check, wear plain or overplain trousers. Don't make your combinations too loud as it doesn't go over in the middle-west. As for your trousers, whether they are slacks or belong to a suit they should be pleated, as this gives more comfort and a better appearance. If you've once had the Talon closure, I doubt whether you will ever go back to the old construction.

The topcoat field is really dominated by the "balmacan" model, which can't be beat for comfort and style. Harris tweeds are the most popular with large overplaids as the pattern. A variation of this coat is the "reversible" which is a "balmacan" model. One side is of cloth material and the other is of a waterproof gaberdine. It gets its name from the fact that it can be worn either as a topcoat or as a raincoat.

While we are on the subject of raincoats, a bit of friendly advice to the Class of '40—when it starts to rain in Chambana you'll surely want a raincoat—and a good one!

Sweaters are popular on the Illini campus, mostly in the coat style with a sport back. For wear under a coat, a crew neck pullover or a cable-stitch V-necked model is the best. Another article you'll get a lot of use out of is a suede jacket, also in a coat model with a zipper or button front.

In furnishings I will try to give you a few of the latest styles as space does not permit me to take it up in full detail in this issue—

SHIRTS... The button-down collar, which is cut between a wide-spread and a regular collar, will be the most popular. Oxford weaves and Madras are the leaders in materials, with stripes, checks and

plaids the predominent patterns. One of the newest styled shirts has a high collar with medium length rounded ends. For dress, neckband shirts with wide cuffs are being worn. These are in medium tones of checks and stripes.

NECKWEAR . . . Stripes were popular last fall and again are style-setters. Bold figures are going to give stripes a close race this fall. Materials will be silk-and-wools, reps. magadors and carvets. (That vernacular may not be clear to you, so ask your dealer). Striped bow ties with pointed ends are rapidly being adopted everywhere.

HOS1ERY... The "up and coming" thing here is the 6x3 rib in plain dark colors. You'll see a lot of them because of their smart, snug appearance at the ankle. Plaids will again be popular; it seems they just won't be forgotten.

GETTIN' IN

By BILL LIVESAY

Sit tight, youse guys, (stand, if you're sober) and listen to what a guy, which knows, has to say about this process of gettin' yourself on the rolls of a university. The first thing ya wanta do is go back to your high school and ask how ya stand—if they say on yer two feet—just laff off their blissful ignorance—bearing in mind that you will soon be ambling in the archives of—or no—existing in the edifices of higher education. You should tell the high school to transfer your record. If the record is a good one, such as Fletcher Henderson's "Chris Columbus," tell 'em to handle it with care—because when ya get to collitch you'll be "made"; every frat-house on campus will be on yer neck.

This done, wait for the university to send you tickets. To start off with a bang, the university provides you with free tickets to all kinds of attractions. First of all is the visit to the Health Service—where the main feature is an eye-opener, entitled "Physical Examination," for men only. The best time to enjoy this feature is by arriving late on the campus—then you get'ta stay in longer—since there is such a massive mob of milling mugs to mingle amongst. When ya finally get started you are standin' in front of any one of several guys who ask you if you've had any of a flock of diseases. They rattle 'em off so fast you can't understand them—so just keep saying no to everthing.

One word of warning—don't say "No" to Scarlet Fever—tell 'em ya almost died with that. If ya haven't had it—they give it to ya—in the arm—boy they may give it in the arm but after a while will your face be red!!! You'll be tickled "pink" with Illini scarlet fever—makes your skin just like baby's.

Another thing, you'll have to strip down for part of the examination—the Doc has to look you over for de-fects. Course if de-fects are all in order in yer brain—there ain't no use in yer comin' to collitch. Many men take a-fence when asked to strip down; they get purty sore—these cases usually end up with the Doc givin' 'em the gate—so everything works out pretty completely. The only thing lacking is the fence-post—but that soon makes its appearance, cause the Doc sez he'll keep ya well posted as to the outcome 'o yer examination.

About the final thing they do is take yer wait. If ya get there early it won't be as great. They take yer wait also, when ya leave collitch—just to see how much wear and tear you've had on the brain—and how much wait you've gained from stored knowledge. I've also heard that you can gain wait by drinkin' beer. Also ya gain with bred. College bred o-course, comes in a four year loaf.

Now yer all set to register. There are three types of registers. There is the beating register, the cash register,

and thirdly, the other type of register. The latter is the one in which we are interested. First step is to get yer study list. This may be defined as a study list. When you have studied the study list, fold it back up, turn it in, and wait for your grades—you have then completed your first semester's work.

Now it might so happen that some of you knee-o-frights would like to go for another semester. This is pretty tough, because if it takes the whole first semester to fill out the study list for the first semester, then yer out-o-luck unless you take the whole first semester to fill out the register for the second semester. Many attempts have been made by guys to register speed records in registering. The best record was six weeks, set by a big 200 pounder who worked night and day—he wore himself to a slivver—weighed 16 ounces when he finished. He blew up on the final day—somebody opened the window.

The other tickets given you by the university admit you to some of the social functions—such as stags and mixhers. Stags are so called because ya don't allow no dears around, consequently ya don't need so much doe. Moose of the bucks at our joint go some place Elks on these nites. Mix-hers are affairs which are just exactly the same as a stag—but they have one woman around—thus the boys must mix-her. Sometimes you see this woman at the mix-her—if yer lucky.

"You look so cute I could eat you."
"Like hell! you could—you haven't any teeth!"

Sketches from Life - No. 1

By "HUCK" WELLS

The garbage man is a happy fellow even if his clothes are dirty. He isn't what one would call a sweet smelling individual but he is happy. The garbage man likes his work, you see, and that is why he is happy. You can see him every morning making the rounds up and down most any alley. There is always a song on his lips as he caretully litts each can (garbage can, of course) and deftly tosses it up on the top of his wagon where a "stooge" emties it and tosses back the empty can to the garbage man. Don't think that everyone can be a garbage man because it takes a great deal of care and dexterity to toss a can full of "stuff" up to the top of a wagon that is already overloaded. Of course, there are some "dubs" in the protession. There are some garbage men who just don't give a damn and go about their work in a slovenly manner swearing profusely and punctuating each bit of profanity with a raucous belch. What we are concerned with is the good garbage man. The one who has worked his way up to the top from a street sweeper's job. Notice too, that the garbage man is quite a naturalist. He is very friendly with the winged creatures that hover about each can and he talks with them at every stop to inquire about their respective families. I watched this happy fellow one day last summer and decided to meet him and discover for myself his philosophy and what kept him so cheerful. One morning I wandered out to the garbage cans and decided to wait for the garbage man. It wasn't very long before I saw him swing into our alley. Yes, there he was going about his work with a song bubbling out of his throat. I waited, and then as he approached, I threw a cheerful greeting his way in order to start a conversation.

"Hello," I said.

"Hello," came back the answer.

"How's business?" I inquired.

"Fine," was the reply.

I could see that I was going to have trouble starting a conversation with this fellow by using these tactics, so I decided to come out with it and make known my business.

"Tell me," I began "with such a smelly job to do, how do you keep in such a fine humor?"

"Smelly?" he asked, as a puzzled expression came over (Continued on Page 21)

I NIEW of the fact that this is the first column of the year, it might be a very good idea to present a list of some of those records which have always proved popular and without which no collection is complete.

Among the recordings for which the Hal Kemp band is famous are the Kemp lucky piece, Got a Date with an Ingel (7319), A Heart of Stone (6574), and You've Got Me Crying Again (6528). All are Brunswick records, and the inimitable Skinny Emis does the vocals. One other Kemp pressing deserves special mention. This is the Kemp arrangement of Ravel's Bolero (6629), but it was privately released and may be out of print.

Ray Noble has long been known tor the high quality of his Victor recordings. Those which he waxed in England are numerous and are considered to be among the best of all time. It may be stated here that Noble never had a permanent orchestra in England. He was an official of the British Broadcasting company and would assemble a large group for the recording each time he made an arrangement. Some of his best sides are Tiger Rag (24577), The Very Thought of You (24657), Over My Shoulders (24720), The Blue Danube (24806), Love is the Sixcetest Thing (24333), and It's Great to Be in Love (25232).

The king of sweet, Guy Lombardo, and his Royal Canadians have been recording for so many years that the number of their records is limitless, having recorded for Columbia, Brunswick, Decca, and now

Victor. Two of interest are their Columbia recordings, each covering both sides, of a Big Ten College Medley (1996-D) and a Fraternity Medley (2357-D). Another is the 12-inch record of The St. Louis Blues coupled with a medley from Roberta (15000) which they made for Decca. The Lombardo band holds a unique place in the music world. They ushered in the sweet era many years ago and are still supreme in their field. Their recent engagement at the Palmer House Empire Room attests to their continued popularity.

In the field of swing Benny Goodman is king. "Swing" is merely a glorified name for that revived style of jazz played by a group of artists who improvise according to their individual interpretations. The Goodman aggregation's best waxings are Dixieland Band (25009), Blue Skies (25136), King Porter (25090), Stompin' at the Savoy (25247), Basin Street Blues (25258), and Star Dust (25320), all old tunes and all Victor recordings. Goodman is lucky in having the foremost swing drummer in the world, Gene Krupa, in his band and in having Fletcher Henderson do his best arrangements, Helen Ward on the vocals round out a great band.

For swing fanatics the Benny Goodman trio has made some note-worthy recordings. Composed of Goodman's clarinet, Gene Krupa's drums, and Teddy Wilson's piano, it has turned out such classics as *H'ho?* (25181) and *Body and Soul* (25115).

Everyone knows Jack Hylton's re-

markable Victor recording of Handsome Gigolo (36031). The English maestro scored a great hit with his playing of the song at the Junior Prom last year. In addition to this number Hylton has made other concert arrangements, such as Body and Soul (36027), Goodnight, Sweetheart (36048), Paradise (20111), and Goodnight Vienna (20113). The latter two were waxed for Brunswick.

Glen Gray's Casa Loma outfit made many outstanding recordings for Brunswick during its many years of association with that company. Some of those platters are: the theme song, Smoke Rings (6289), Alexander's Ragtime Band (6100), and The Limehouse Blues (6886). Since waxing under the Decca banner the Casa Loma boys have done such numbers as Nagasaki (800), Chinatown, My Chinatown (199), and The Chant of the Jungle (463).

It is due to the efforts of Paul Whiteman that popular music forsook the noisy and haphazard shambles that was ragtime and has become the highly arranged and melodious style of today. The king of jazz has long done most of the concert arrangements of contemporary music for Victor, most of them on 12-inch discs. Included in this group are medleys from many Broadway shows as, for example, As Thousands Cheer backed with Let 'Em Eat Cake (39003), Show Boat (35912), Anything Goes (36141), and Jubilee (36175. Many of the compositions of Ferde Grofe, Whiteman's first arranger, have been waxed.

his face. "Why my good friend, these odors come as a direct result of the most expert culinary endeavors from the best kitchen in town."

I marveled at his philosophy. He spoke again.

"Of course it does get tiresome at times when you see the same "stuff in every can, but we have to take the bitter with the sweet."

I marveled again. He continued.

"I work in the open under an azure sky (I guess they have substitutes on rainy days) and the flies are my constant companions, always willing to listen to my troubles."

I was overcome with the power of this man's philosophy. He was truly a gem. In short order he emptied our cans and was ready to continue down the alley. After going a few steps passed me he turned around and spoke again.

"Lots of people think I have a terrible job. Think what I get for my work, and then don't feel sorry for me, but feel sorry for yourself. The pay? I get twelve dollars a week and all I can eat."

A pal of ours landed a soft job—he's in a bloomer factory now, pulling down about two thousand a year.

Hope WALLY MILES, INDEE, gets a hair cut once in a while . . . or gets a studio in Greenwich Village. . . . Another Wally, WALLY WOLF, TEKE, should have some new jokes and experiences from that trip with GEORGE DEERING, PHI DELT and "HANK" VOLLE, ACACIA, to tell during rest periods in life classes. . . . Many things are changed around town . . . look around maybe you can find them. . . . First the DELTA GAMS have a new house . . . a part of one . . . and a new Bus Company runs the busses . . . hope they can get through on Chalmers, "Homecoming." . . . The local merchants were considering putting a motion picture house on the campus where Park ballroom is located but I believe the plan fell through, . . . In July Clyde Beatty and his circus came to town and the LAMBDA CHIs attended . . . although it wasn't told to us we heard that JAY "CARRYINGTON" WELCH and LEONARD BEAT-TIE had a lot of fun seeing more tigers and lions than were really there. . . . HARRY GILOGOLY, FIJI prexy, is reported as playing caddy to that feminine golf star this past sumer. We'd give our last dime to see HARRY carrying a gal's clubs and then we'd take off our shirt and hand that over to see the gal who made him do it. . . . On a very hot July fourth at the country club in Paris . . . Paris, Illinois, to be exact . . . was "BUD" HAMMAN, the Illio "whoosis" dancing with HILAH HOFFMAN, Indiana prom queen. . . . It's a cinch "BUD" could never dance with any prom queen at this university. . . . None of them are good enough for him . . . anyone who dances with his eyes closed couldn't have seen us but we were there ... like b ...!.. Don't look now but "JOHNNIE" SUDDES, "CHUCK" FREDERICKS right hand man, is not a bachelor anymore. . . . Johnny of the Illinois Bar and HELEN MORRIS became one in June . . . at least legally. . . . FRANCES EWING '36 and WENDELL KEITH, CIII PSI, were also tied into a knot in the month of college weddings. . . . Who can tell us how much did the Chicago Milk Foundation pay "FRITZIE" DOUHITT, pride of the DELTA GAMS, for holding that glass of milk and saying: "Young adults realize that it is very important to continue to drink milk all through life because it provides so many valuable elements that are needed daily to prolong youthful vitality." . . . Gosh! What a lot of hooey. . . . It doesn't sound much like FRITZIE nor the kinda stuff she always drinks, . . . Anyway, it isn't white. . . . What an army we must turn out. . . . "RUFFY" SILVERSTEIN had much fun throwing the less hefty boys in the lake.... LILLIAN MOSS, KKG, and "SCOTTY" BRUBAKER, DELT, can be seen most any night letting the blood rush from their head to their feet at Robeson's Roof Garden. . . . GENE WHITE, ALPHA DELT, gave NANNY RILEY'S cousin from Philly quite the results. . . . BOB BAILEY, local INDEE, is still guzzling beer at Melody Tavern. . . . It's all right, Bob . . . if you can get away with it. Anyhow, when you have money you spend it. . . . That's more than I can say for a lot of people. . . . BOB BUCHAN, DEKE, and BUD JONES, PHI PSI, were down for a few days this summer giving the local girls a treat.... The same week-end ODD MEYER and "RED" JOHANSEN, CHI PSIs came down. . . . They seemed to find the town dead, guess they weren't out with the right people, so they drove over to Danville for their night life. "DOEY" CLARK, KKG, was down to Summer Prom with "BARK" CLANAHAN, ATO. . . . This seems to be the first romance that "Doey" has kept for any length of time. . . . TOM STREET, ATO, an old flame of "Doey's", seems to have been true to his PI PHI love this summer. PEGGY LYONS, another Pl PHI, seems to be a "true blue girl" for she still has JOHNNY GRABLE'S PSI U pin. . . . JANE CHAM-BERS, KAT, gave back NORM LEWIS'S PSI U pin. . . . Rumors are he asked for it back but then rumors aren't so nice. . . . An S. A. E. in town is BOB RUSSELL who was seen "joeing" around with Brother JOHNNY ANDERSON who was going up to Lake Geneva to fish and frolic. . . . BILL ARNOLD, PHID, is also seen in their gang, . . . He is one of those boys who believes that girls shouldn't go above the third floor in fraternity houses. . . . Well, who does? . . . "DANNY HEINLEIN, DKE, was seen at 5 a. m. after the Summer Prom in his birthday suit. . . . Can't "CULLY" of KAPPA SIG fame do anything with him? . . . DICK FULMER, big shot man still phones MARY JAYNE ALEXANDER, KAT, who still hasn't returned JOHN LANGLEY'S BETA pin. . . . She seems to go for those eternal triangle affairs. . . . "GOON HENNIG and FRANK PORTER, CHI PSIs were down in Chambana waxing floors in the Lodge . . . as they say at Madison. . . . "Swish, there goes a Chi PSI" . . . Guess something in that club has to be slick now that they lost their social privileges. . . . BOB De WOLFE and JACK CLARK more smart? BETAS have condescended to haunt Sox's and other local dives when there is no one here to spy on them. . . . DON BISHOP, CLIFF KUHN, and TOM WILSON have all been working plenty hard all summer. . . . They are keeping in training too. . . . 1 wonder what for? . . . WES GRIFFIS, CHI PSI . . . is said to be in the wolds of Michigan with his high school love. . . . Haven't you heard him tell how she was the "smoothest" import at their spring formal . . . maybe so but she can't beat the Illinois co-eds that were present. . . . We wonder if there is any hope for people like "DEADLEGS" to ever grow up. . . . BILL Mc-KINSTRY, SIGMA NU broad-hips, is working at Sullivan's Chevrolet Company. . . . I don't think that will reduce them, dear. . . . MARY HELEN MOSS, better known as Lil's kid sister, gave her pin back to JACK HUNTER, DELTA SIG, don't know all the details yet. . . . GENE LIERMAN, yeh his Coalition party won, keeps his brother company at the Roof Garden. . . . Now boys! . . . DORIS KREVIS, that ALPHA OMICRON PI-ish piece of fluff spent part of her summer in the West Indies. She was on a special diet down there-it went something like this: breakfast-one Porto Rican doctor, seasoned just to perfection; luncheon—one dashing Spainard, tasty; supper two German boys, small but filling. But in spite of all that glamor she claims she longed for her wolfish Wallieprexy of the T. K. E. house. . . . BOB PARTLOW, KAPPA DELTA RHO-ex-president of Jr. class and present president of Illinois Union-worked for a firm in the Chicago loop all summer, and that's not all—he had so much ambition he even spent every evening doing some sort of research work-making the Blackhawk one of his favorite haunts. . . . EL SAYRE, ALPHA SIGMA PHI -captain of the Illini football team is our "local boy makes good" from Waukegan, Ill. He spent his summer as life guard on the Waukegan beach, and when he wasn't staring dreamily out over the hazy blue water thinking of his ALPHA CHI OMEGA—he was showing his mass of admirers how that pigskin is going to be toted this yearor something. . . . SYBILLA KESLER-flaming haired KAPPA DELT, believes in that old slogan, "See America First." She took a roundabout way through Canada and down the west coast on a steamer, but finally arrived at her destination-Hollywood. But she was "Just lookingthanks." . . . BILL BENNIS, ALPHA SIGMA PHI, has been working for a central Illinois construction gang digging post holes. . . . CLIFF KUHN, PHI GAM, has been working for Smith Lumber Co. in Urbana-this fall he distributed U. of I. posters, . . . BARBARA BISCHOFF, pride of the Kappa house, spent the summer going to house parties. . . . NANCY RILEY, another Kappa, graduated in summer school . . . she spent the rest of the summer in Michigan. . . . WILBUR HENRY, loafed most of the summer . . . practicing football . . . went to Gillespi and was entertained beautifully by BILLY DALEY (Independent) . . . the current girl friend, . . . HOWIE CARSON went to summer school . . . practiced football . . . went up into the northern wilds. . . . JOHNNY GILL, well known Illini trackman, is working in a Chicago park teaching athletics to the younger generation. . . . BRUCE BENEDICT, DELTA UPSILON, transferred to U. of M. . . . LARRY KERNS, THETA KAPPA PHI, Peacemaker politician and ex-chairman of Sophomore Cotillion, spent the summer studying up on arts and angles of politics . . . while a frat brother of his, SCOTTY ALLARA, worked as steward on a round the world liner. Scotty got as far as China . . . he'll probably want to sit cross legged on the floor whenever rice is served him, just to show he knows his way around. . . . STEWART POT-TER, DELTA UPSILON and EDITH ROPIEQUET, ALPHA DELTA PI, created a mild sensation at the beginning of the summer. . . . They were married June 3rd. ... BETTY BOYS, ALPHYGAM, had a busy summer what with trotting up to Chicago and having her "him" down in shelbyville. . . . Speaking of Shelbyville reminds us of the BAKER SISTERS . . . a couple of A. O. PI's-so what. . . . Wonder if VIRGINIA FAIRFIELD, summer prom queen candidate, knew what happened to the large picture of herself which graced a campus coke 'n' coke window? She might have asked one MR. WELLING-TON. . . . Understand that "SHORTY" FISHER changed her name to JUNE FISHER and went to town singing with Lang Thompson's orchestra this summer. . . . It wasn't told to us, we only heard that JIM LAKE '34, and SUE TOWNSEND were married in LaGrange on August 29. . . . Those arty art students from down South campus-way had great fun on their allnight swimming parties this summer, arriving back just in time for five a. m. classes. . . . And before we leave, a few notes from Camp Custer: EARL DeWOLF, whose ability to find nice girls (so he says) in a two-bit dance hall was quite amazing . . . perhaps it was the old bald-pate that did the trick. . . . And why did HOWIE STOTLER, that sedate editor, reply "I guess I'm just not cut out for the life of a soldier"-we think not too. . . . What would BARB BISCHOFF say if she knew what "Six-a-day" CHUCK PATTEN, her one-and-only, did all summer at Battle Creek? . . . BOB UPP and his married babe at Jackson. . . . And to the champ guzzler at camp we give a Beer Mug-no nother than old man WALKER of SIG CHI. . . . So it's hot, and we're tired, and you oughta be. . . . See you "HOMECOMING."

Out of the Waste Basket

First of all, never having been an editor before (and probably never again) we don't pretend to know anything . . . except that all editors write editorials. So, here goes.

As you noticed (how could you miss it?) when you bought your copy... or borrowed it from the person who did buy one... we have a new cover design. No, it wasn't done by an unemployed P. W. A. artist... nor are the circles any of those Hi-Li balls coming at you.

As to stories, we found "Huck" Wells' sketches from life (as he calls 'em)—The one about the garbage man... just good clean fun... And Bill Livesay dishes out some

swell advice in "Gettin' In"
For articles, we give you Bob Wilt on sports, mostly football . . . Marv Rosenberg for men's fashions
Music and recordings, Bill Hennig . . . Mel Goldman and Stan Goodman did their part too; you'll hear more from them later on . . For art work and cartoons we give you Betty Isenbarger and John Carr.

As to a policy...we promise to print no co-ed diaries ... no Knock! Knock! jokes ... no Hi-Li contests ... No cracks about Main Rezzy or Lindenwood ... and last but not least; No Dirty Jokes. Hell!

That should please the board...or bored?

But before we leave we want to remind all you freshmen not to forget to buy your year's subscription to the SIREN . . . Because if you buy a hospital membership you'll need something to read . . . and if you take your own SIREN along you'll not be lonesome . . . And! she'll easly fit under the bed.

Until Homecoming then—when (if we are still here) we shall have for you, dear reader, a SIREN Queen, more scandal, another Campus View, some new jokes, cartoons and stuff!...

Yours, JIM WILL.

WE THOUGHT we would be back with you HOME-COMING—but—couldn't—quite—make—it—anyway here it is Dad's Day and if you made this column last time it's sate to show "the old man" this issue-again we are off . . . First what ALPHA GAM is so crazy about a certain THETA XI who plays football that she has the walls of her room filled with his pictures? . . . Nice going JOHNSON! I wonder if she knows how you carry on at home!!! in Maywood, I mean . . . and what CHI O took a pin the week-end of the Southern Cal game? So freshmen are taking alums' pins now? . . . and do you know that JEAN SCHULTE, REZZY HALL, burns up when someone calls her "SENATOR SCHULTZ" . . . and what cute sophomore, same place, initials J. W., loves to be carried over someone's shoulder a-la-sack of meal-wouldn't you like to know? So would we, like h...... That TRI DELT pledge, LUCILLE LYONS by name, had quite an experience some time ago with a ficticious chap named BOB SHERMAN of Tinkerville—it was really BOB WHALEN, SIG NU, who wanted to know about the big city and Lucille must have learned a few things, too, because MARTY CASE, THETA, enters the picture to emerge with BOB's pin . . . or is that his pin? . . . anyway there's at least one person on this campus who doesn't know how tamous "WIB" HENRY really isthe THETA XI's cook-He couldn't even get an extra roll before dinner at the tribe meeting . . . has anyone seen "HANK" MORTON without his "I" sweater? . . . and is JIM DOWLING, Pi K. A., taking classes in Hanlev's or does he just love the place-or the waitresses? . . . for two super-salesmen we give you NICCUM and RY-BICKI of LAMBDA CHI-they must be good, they sold 50 Siren subscriptions . . . Boy! I mean that's darn goodand it's a good bargain . . . "Who was that with "HANK" MORTON? . . . "Oh, just his 'I' sweater" . . . and now that CAMERON BROWN, PSI-U, is the senate president we wonder if it wouldn't be better if he didn't go to St. Mary's on Friday nights-Can't you find any nice coeds, CAM? . . . as STIEGAL of TRI-DELT fame is "OK" we won't say anything naughty about her . . . not yet . . . there's one thing we could do without . . . "HANK" MORTON minus that damn "I" sweater . . . LAY "DUNK" DUNCANSON still gets around even if HOWIE FLETCHER has left campus to work . . . it seems that STAN ARTHUR, senior cheerleader, and IEAN WILSON are still resting between classes at the Arch, Bldg. in Jean's Chevie coupe . . . awful crowded sometimes, eh Stan? . . . and by the wayhow the h..... do you take a bath MORTON or does that "I" sweater really come off? How long is that CLARK. THETA XI, and SHUTE, A. O. Pi, romance going to last? Rumors have it that a certain THETA has caught his eye. Wonder what the outcome will be? Could you drop us a hint, Jan? . . . It seems that JIMMY KNOWLES, heartbreaker from the THETA XI house. hung his pin on a NORTHWESTERN PI PHI the week-end of the Southern Cal game. What will KAY FRANK, KAPPA, do now? Remember, KAY, when the pin's away, the boys will play! Isn't that right, JIMMY? FLORINE PETRIE, A. O. Pi, and ex-Jr. Prom Queen -is working for half of her master's degree at U. of Wis. and half of it at Illinois. Her Thesis should be on "How to Hold My PHI GAM-or something."-That handsome CAROL LAYMAN from Ha'vard is really "almost" as good as he thinks he is. Just lately he hired WALT DRAPER as his bodyguard to knock away the mob of admirers-for once in his life WALT has women trouble-The Theta Chi's hate to admit it but when a pledge beats their time that's bad. They thought they "had somethin' there" when they got JACK HAINES-Oklahoma oil millionaire's son (sounds good, anyway), but they didn't know SONNY HAINES knew such people as the Blonde Singer in Anson Weeks' orchestra that called him up and begged for a date . . . Last year's B. W. O. C., JULIF LAKE, CHI OMEGA, was back for the S. Cal game. seen mostly with GEORGE VITOUX of LAMBDA CHI . . . That house on the corner of Wright and Daniel pulled another K. A. T. trick-with typical innocence and typical dumbness. A beautifully gaudy bouquet of artificial flowers, which they all hate is sitting right inside their door, for none to miss. One night, BETTY BYERS suddenly felt a great urge to see if that old proverh "more blessed are those that give than those that take" is true. So as various SIG's and CHI PSI's and things and stuff bid their final good nites, a posy was thrust in their hands. But BETTY isn't going to always believe everything she hears now 'cause it seems it didn't work and the next day there was a mad scramble to try to round up the once beautiful but now bedraggled bouquet-orders from headquarters. - Speaking of THETAS brings JEAN HOEBEL to light-exactly what are behind these "coy" glances she and BOB RIEGEL exchange-but why bring that up? . . . Never let it be said "TILLIE" SIMPSON has to be hit over the head to get an idea-all right, if gentlemen prefer blondes, blond it is-'cause TILLIE cer-

NE WHIFF of maverick tobacco from that gurgling old pipe made the steers cry "Uncle!" Personally, we don't hold with strong pipes and bitter blends. We feel that a briar is improved by a daily grooming and a diet of milder, pleasanter tobacco like Sir Walter Raleigh. First, of course, because we make it; but also because this great blend of wellaged Kentucky Burleys is cooler to smoke and delightfully fragrant. Try a tin. You may not round up as many cattle, but you'll pull in a big gang of admiring friends.

Obscene 1 -Wine stand outside of Colosseum.

1st Citizen—What ho, Fabius! I have not seen thee since we were both given the gate for running our chariots into the dean's office without a driver's permit.

2nd Citizen—Salute, Marcus! The gods have done well to bring us together for this melon cutting!

1st Ditto—Think you that your Tiber Terrors stand a chance against our gladiators?

2nd Ditto—Verily, friend, our Charthage Collegians are not setups. Did they not cop the cup in the Forum Finals?

Soothsayer—Beware of the Ides of March!

2nd Ditto—"Tis done. I'll wager my country villa against that penthouse of yours.

1st Ditto-It is done.

2nd Ditto-It is done.

1st Ditto-It is done.

Obscene 1-1 am done.

Obscene 2-In the press coop.

Announcer—This is Theodoro Husingonius shooting the bull at you with the blessings of the Catolonian Couch Co., the leading producers of Roman neckwear. Sofa, so good!

Today marks the twelve hundredth annual Homecoming game between those treacherously tackling Tiber Terrors and the cruel, courageous, Carthage Collegians. The air is clear except for a few occasional clouds of smoke rising from the smouldering ruins of Vesuvius, the site of the pep meeting and bon are last night.

The crowd has worked itself up into a fevered pitch; most of the spectators are now drunk with excitement, although, your announcer thinks that the bumper grape crop is also somewhat responsible.

Oh, Oh, here she come, folks!— It's that cuddlesome, kissable, carressable Cleopatra, Homecoming Queen of the Colosseum! She won this year's popularity race uncontested because the other seventeen babes were killed by falling arches— Aqueduct arches. Umm, does she slay 'em!

While the teams are being riveted into their armor, the band led by Nero Lombardonious is playing "Take me out to the ball game." Critics agree that this should be the number one song hit this week.

A new ruling is being put into effect for today's game, folks. Both teams have agreed to leave their javelins on the bench in order to avoid the possibility of puncturing the tootball. Get the point?

Anyway, the teams are lumbering into line for the kick-off. Julius "Nagurski" Caesar is starring at left half back for the Terrors and he will be the boy to stop. However, the Collegians have a mountain of strength in Gomer Horatio at center—no one has gone through him in his hundred and seven years of big time competition. He should have graduated eighty-three years ago but he is still having trouble with advanced pig-latin. Oh, well!

Beware the Ides of March, kiddies.

Obscene 3—Stadium crowd; third quarter—score: 0-0,

1st Citizen—Gadzooks, are there eight teams on the field or isn't this stuff milk of magnesia?

2nd Citizen—Curses! Me thinks 1 shall advise the PWA to install rest rooms for the pigeons. 57,643rd Ditto—Down in front!! 4,627th Ditto—Yon Cassius has a lean and hungry look!

4.628th Ditto—Why not? Didn't he lose his toga in the reunion crap game over at the baths only yesterday?

Soothsayer—Beware the Ides of March!

82nd Citizeness—Why my dear, 1 heard that that hussy Cleopatra— (censored—.

83rd Citizeness—How Shocking! And moreover she was coming out of—(censored)—. What's that? Oh—the game? Why yes—who did you say was playing? (moral—woman has been essentially the same through the ages).

973rd Ditto—From whence comes von runner bearing the torch?

974th Ditto—Ho Ho! The joke is on him. The Olympics were last month!

Soothsayer—Beware the Ides of March!

Obscene 4—Thirty seconds to play—ball on Carthage two yard line—score still 0-0.

(In Tiber Huddle)

Antony—Friends, Romans, and teammates, lend me a mallet with which to unbend mine breeches. For I have dented them upon the goal posts during the last foray. (Hip! Hip! Foray!)

Caesar—Would that Brutus were not backing up the Carthage line. But let me plunge through center.

Soothsayer—Beware the Ides of March!

(Teams line up)

Caesar—Here Horaio — hold my bridgework.

Carthage Collegians—Grrrrr!
Tiber Terrors—Viva Il Duce!

All Citizens—Hold that Tiber! mmmpph—Hold that Tiber! mmpph—Hold that Tiber! etc., etc.

INTERVIEW WITH AN OLD GRAD

'39—"Say, Mr. Muchdiddle, were you in the class of '18?"

'18-"Yes, my boy, how did you know?"

'39—"Is that your picture on the wall?"

'18—"Yes, my boy. But I've changed a lot since that was taken."

'39—"Did you play football that year?"

'18—"Yes, my boy." (Feeling pleased).

'39-"And basketball?"

'18—"Yes, my boy." (Throwing out his chest).

'39—"And baseball?"

'18—"Yes, my boy." (Looking around for an audience to hear of his accomplishments).

'39—"And did you run the dashes on the track team that year?"

'18—"Yes, my boy." (Beaming complacently to know that his efforts of 1918 were still remembered).

'39—Hey, Bill, I win that four bit bet. This fat old geezer is the same one!"

WHO WAS THAT MAN I SEEN YOU WITH? By Huck Wells

I was feeling pretty lousy that night. It was Dad's day and the governor (that's what I laughingly call the old gent) wasn't going to be with me, at least that's what the telegram said he sent to me that afternoon. Of course I might have taken that bad news cheerfully had it not been for the fact that my gal couldn't go to the football game with me that Saturday because she was entertaining some dame from out of town. It was all pretty bitter medicine that I had to take but I thought I might just as well bear my cross in silence. Well, I decided that as long as the world was giving me such a terrific beating, I might just as well go out and "hang one on." In the vernacular of the layman, I would get soused! I did. I woke up that memorable Saturday with an awful head on my shoulders. So this was the price I had to pay for my sins, I thought? My mouth tasted like the bone yard looks on one of its off days. My eyes refused to focus and my stomach felt hot as a Bessemer furnace going full blast. To get right down to good old plain talk I felt like the very devil (only I don't remember being bothered with horns at that time). I decided to go out and get some lunch before going to the game because my stomach was kicking up a heluva rumpus. When I finally dragged my weary body into the restaurant 1 felt that about all I could stand was a sandwich. I looked over the menu and very

brayely ordered a bean sandwich. Yes, a bean sandwich is what I said. A bean sandwich, in case you haven't heard is a lot of beans between two slices of bread. What else did I have? Well, after I threw up, I got some coffee and called it a meal. By this time I was fit to be tied. I made my way to the stadium and settled down to suffer for my sins of the evening before. I managed to stick it out the first half but I don't know how. I began to get very dizzy and thought I had better go home. Now mind you, I am a peace loving soul and on that day, of all days, I was more in favor of peace and quiet than ever before. I was just about to take my leave of the stadium when I saw something that made me start, Did I stop? I don't remember what I did at that time and anyway it doesn't matter. Let me tell you what I saw. There was my gal sitting in the stadium. I grant you that there is no law against it, but she was supposed to be entertaining a dame and there she was sitting just as big as life with some older man. You can imagine what I felt like. It made me feel not a little like a run down heel and a chump too. So I got the gate for this guy? Well, I could take it, so I decided to leave and forget the whole thing. Anyway my eyes weren't focusing very good and maybe that was a girl sitting next to her. I might have left quietly had it not been for the fact that just as I was about to leave I saw this mug plant a nice juicy kiss on my gal's (Continued on Page 40)

VICTOR=

Bix Beiderbeck's Memorial Album

Swing music being what it is at the moment, Victor has seen fit to bring out a series of six records that seem destined for perennial popularity in the jazz field. These were grooved in the period from November, 1927, to September, 1930, and contain some of the finest artists ever to play jazz. Leon "Bix" Beiderbecke, to whom the album is dedicated, died in 1931, but he is considered the "greatest hot cornet player and the most inspired jazz musician of his time." In addition to Bix, Benny Goodman, Jack Teagarden, Tommy and Jimmy Dorsey, Gene Krupa, Frank Trumbauer, Eddie Lang, and Joe Venuti are featured. These numbers have been issued before, but a different master record has been used wherever possible. Changes, Louisiana, You Took Advantage of Me, Sugar, Mississippi Mud, Sam. Lonely Melody, When and From Monday On are played under Paul Whiteman's name, while Bessie Couldn't Help it and Barnacle Bill are by Hoagy Carmichael's orchestra, and Deep Down South by Bix's gang.

check. Even then, I might have laughed it off if it hadn't been for the fact that he put his arm around her in a rather suggestive manner. Well, I hitched up my baggy trousers and decided that I'd go down and plant one on this guy's chin. Who did he think he was? Some smart gent who thought that he was cute, I guess. Well, I ambled down slowly and tried to be inconspicuous so that I wouldn't attract too much attention. I'd show this guy a thing or five. I slid up behind him and in a split second I had him on his feet and planted the neatest right cross on his jaw that you ever saw. The mug toppled over in a heap and just then my gal jumps up and says, "Do you know who that is?" "Yes, I am afraid I just found out," I said. I looked down and tried to smile as I said, "Hi, dad, when did you get in town?"

VIRGINIA

November 14, 15, 16, and 17 "Libeled Lady"

A story of cross temperament, has Myrna Loy as the "Libled Lady," Spencer Tracy as the desperate managing editor and Jean Harlow as his fiancee—whose convenient marriage to William Powell brings about unprecedented complications. A good show, especially with such a cast.

November 18, 19, and 20 "Craig's Wife"

The Pulitzer Prize Play with Rosalind Russell, John Boles and Billie Burke. A story of a very jealous wife who runs her husband too well and in the end loses him because of her own love.

November 21, 22, 23, and 24—"Ladies in Love"

Janet Gaynor, Loretta Young, Constance Bennett and Simone Simon take the parts of four beautiful young women who are out to get their man. The ways in which each one goes about being in love is highly amusing. With Don Ameche and Paul Lukas supplying the masculine element, the picture is complete entertainment.

Coming: "The Last of the Mochicans" with Randolff, Scott and Heather Angel.

ORPHEUM

November 14, and 15

Five aces of R. K. O. Vaudeville direct from Chicago's Loop. On the screen "Alibi for Murder" with William Gargan and Marquette Churchill.

November 16, and 17—"The Man who Lived Twice" with Ralph Bellamy and Isabell Jewell.

Coming: "Meet Nero Wolfe" with Edward Arnold and the latest Wheeler and Woosley comedy, "Mummys' Boys,"

RIALTO

November 14, 15, 16, and 17.

Clark Gable and Marian Davies are co-starred in "Cain and Mable," the Rialto's attraction for Dad's Day weekend. Here is a picture filled with pretty girls, popular songs, dancing and much comedy.

The picture is based on a story by H. C. Witwer. It depicts a romance between a Broadway waitress who becomes a musical comedy star almost overnight and an heroic young battler of the prize ring.

Harry Warren and Al Dubin wrote the songs "Ill Sing You a Thousand Love Songs," "Coney Island" and "Here Comes Chiquita."

COMING:

"Go West Young Man," Mae West's new picture, "The Charge of the Light Brigade" starring Errol Flynn and Olivia de Haviland, "Three Men on a Horse," featuring Joan Blondell and Frank McHugh and "Champagne Waltz" with Gladys Swarthout and Fred McMurray.

LET'S DANCE

At College Inn:

Located at Fourth and Green, College Inn has reopened this season with Dick Shelton's band. When we Seniors were Freshman, College Hall, as it was called then, catered to the exclusive college crowd. And now as before it offers a very distinctive college atmosphere. Dancing every Friday and Saturday night.

At Park Ballroom:

Over Prehn's-on-Green is the coziest of all campus dance palaces. Along with dark lights, overstuffed davenports, and a perfect dance floor Gale Mathers provides the best of music from traveling orchestras. This weekend Al Sky is to be featured.

At Bradley:

In the Union Arcade and over Hanley's is the old reliable and favorite of many college dancers. Sponsored by the Union, Bradley offers college bands and occasional big time orchestras.

Completely remodled and redecorated this fall, it has added to its continued popularity. In honor of Dad's Day and Ohio State, Bradley will offer the Illini-Illibuck dance Saturday night.

Out of the Waste Basket

WELL, here it is Dad's Day again—Good of Pad . . . 1t's he who pays and pays and then plays and pays some more. So here's to the old man, treat him right . . . remember you too may be a father yourself some day—maybe.

Every year there are queens galore—Prom—Queens, Homecoming Queens, Popularity Queens, Beauty Queens... and housemothers. And every year not to be outdone the Siren has its Queen—this year there were so many to choose from (so many beautiful Illini Co-eds) that we decided to have five—no more—no less.

So don't give up girls—there is still a change to become a queen of something or other . . . and remember it's not beauty that always wins —Hell no! It couldn't be beauty that does it.

After locating the office (I'd a sworn I remembered where I left it) last September many things have happened. Yesterday "Huck" Wells emerged from the closet with a month's growth of beard . . . and a story . . . at least the beard was

"Huck's." Goodman and Goldman drove by after spending "Homecoming in the coliseum."

"Orvile of the Ozarks" must have thought we were the postmaster because he left us a letter to his pa.

Well, if there are any readers of the Siren who can draw, write, or anything—and are interested—drop into the office (338 Union Building) sometime before June.

See you later-we hope.

Yours,

—JIM WILL.

I Meet Santa Claus

By BILL LIVESAY

'Twas the night before Christmas and all through the flats, Not a creature was stirring, not even the rats. The gunny-sacks were hung by the chimney with care, In hopes that Santy Claus soon would be there. Us boys, drunk as hornets, were snug in our beds, While visions of highballs danced in our heads. As I lay there, peacefully, my mind kinda numb, I decided this whole Santy Claus idea was dumb. In the first place, how could be fly thru sleet and snow, And visit a worldfull of guys sleepin' below? How could Santy float thru the night with ease, Without catchin' the chills or emittin' a sneeze? How can he start his trip with such a big fat bag, And end it up with such a thin little rag? Last of all, how can he wiggle down a chimney so thin, When if I should try, I'd stick by the chin? I thought and wondered, till I heard such a clatter, I jumped out of bed to see what was the matter. Up on the roof I heard such a terrible roar I thought the whole ceiling would fall to the floor. "It must be Santy," I thought with a smile, "I bet he's come to our house to stay for a while. "I hope it is Santy," I said, "coming here to haunt "Because this'll be one year, then, that I'll get what I want." I tore down the stairs, to the parlor, by the fire, Thinkin' whoever said there wasn't any Santy sure was a

I got there in time to hear a loud groan and grunt, So it was that I peered up the chimney to hunt For the source of the racket, and what I saw made me pause, For head downward, stuck in the pipe, was old Santy Claus! I'll be with ya in a minut, he said with a groan, While he pushed and snarled, like a dog with a bone. At first it looked like he was stuck for good But he kept on hollerin' and tellin me he could. So I sat and waited, hearin' him grunt and cuss, When of a sudden he plopped out of space and lit on his puss.

"How are ya doin' and what'll ye have?" sez he, And there he was, bigger'n' life, starin' at me. Well, just fill them gunny-sacks with any old junk Anything'll do except neckties and handkerchiefs, they're punk.

"Well sir, first then, I'll join ye in a little swig,"
Sez he, "Bring out yer scotch, you'll find Santy's no pig."
As host to Santa, I was certainly a bust,
Martini was all I had—gosh could I have cust!
"It's a sissy drink," sez he, "ain't got much spunk,
"Don't suppose a tankful could make us drunk."
"That's what you think, Santy," I said, pourin' the juice.
"Take a coupla these and you'll think all hell's bursted loose."

Well, Santy took me up and slugged down five, sweet as you please,

In tryin' to keep up to him I was gettin' weak in the knees. "This is like water to me, my boy," said Santa Claus, "This stuff hasn't enough heat to warm up my jaws." I knew it was gonna work on the old boy slow, So I says, "Jest you wait, Santy, it'll lay you low." Sure enough, it soon hit him and hit him hard, For he flopped on his belly like a ton of lard. I tried and tried to revive him from his plight, For who'd ever forgive me for puttin' Santa out like a light?

I ran to the bathroom and filled up the tub,
And came back and gave old Santa the rub.
"Gosh, I'll have to work fast," I thought,
"Or the prayers of a million kids will have gone for naught."
I worked, and worked, and how I did it I'll never know,
But of a sudden, he came to and hollered "By Joe
"I gotta get goin"—I'm way behind, and late,
"And what's more I'm sick—it musta been sumthin' I ate."
Well he was up the chimney and off in a flash,
And I hoped he'd make it, as he cracked out his lash.
The sleighbells faded and I thought of the redfaced bounder,
Who was a great old Santa, but a hell of a rounder.
At least, if I hadn't come through and saved his hide,
Hundreds and thousands of kids woulda woke up and cried,
For ,after all, what could be worse than to have Santa

PRINCE ALBERT SPEAKS FOR ITSELF-

Prince Albert is as tasty and mellow as Nature and man, both working together, can make it. The tobaccos in P. A. are among the choicest grown—expertly cured, carefully matured. As the crowning touch, every leaf is processed

to take out "bite." Then, cut the scientific way—"crimp cut." It's bound to be mellow, tasty, slow-burning tobacco that suits steady pipe smokers to a T. Prince Albert is great tobacco for roll-your-own cigarettes too.

PRINCE ALBERT MUST PLEASE YOU

Smoke 20 fragrant pipefuls of Prince Albert. If you don't find it the mellowest, tastiest pipe tobacco you ever smoked, return the pocket tin with the rest of the tobacco in it to us at any time within a month from this date, and we will refund full purehase price, plus postage. ...THINGS

Here comes ole' Santa and his bag full of stuff-thing's 'n stuff to be exact. First of all he found Hank Morton's I sweater as a Christmas present. Poor Hank hasn't worn it since last month when he ended up in the bathtub with it on-but ask the Theta Xi boys what a ducking ole' "Hank" got last spring in that mud hole of theirs-And Phil Douherty, another Theta Xi, takes the spotlight—not because he thought the Lambda Chi house was on fire when it was only a fire in the fireplace, nor because he hung Scott Weller's pin on Nita Potter, A. O. Pi, but because he gets fighting mad if called Phy/lis-wonder why? The AOPI pledges entertained the actives a few weeks ago with scenes into the future with their actives as the characters-IIclen Jane Wells was seen raising "Scottrs"—is that you again Weller?—It's rather pointless but the AOPI's will like it. -And Gary Decker, TEKE, had better look out for Ruth Smejkal, AOPI, because she is still waiting for a call after that one blind date-Field Beam can fix his Illini scandal snoopers so his love life is not exposed but it will take plenty of dough to keep this Eileen Stiegal romance of his off the books-thanks for that last story about the Siren Field-even though you buried it-And Why not get a Scout column again—The Illini sure needs one.—Philo French, ATO, is worried because he kissed his home-town girl's best friend-Rene Du Bois, DTD pledge, has been calling up a certain blond AOPI-Muriel Nelson, cute little Alpha Gam and Nick Gurr, SIG CIII, exchanged Paul Stone pictures not so long ago as a touching token of their affection—speaking of Alpha Gam's they had to have a special house meeting to decide what to do with Cleo Jane Smiler when they received from Jim Hoffmann, Lambda Chi, a petition to release her from her five black marks good luck all you pledges on the initiation grades, especially to the DU and his one point. He needs it-The Kappa Sigs had better stick to wreck-less things, such as cars, instead of hay wagons, from the result of their recent tripditches are not so comfortable when one lands in them-"Torchy" Harrison, Lambda Chi, takes the silver loving cup—he had five dates in one night—"whoa is me"—At least that is what his fraternity brothers say-Florence Stalte, AGD's most recent siren and Cam Brown, the campus politician have been seen together lately.—Well, well, well, here is old Santa again so let us see what he has in that bag of his. . . .

'N STUFF....

Mary Margaret Smith—Indep, from Rezzie thought "there was something about a soldier" so she had a couple of them stirring up atmosphere around her—but when they both walked home from retreat with her—each stranger to the other and both razzing her—she decided to switch to the Navy—they are a lot dumber but easier to handle.

If Earl Moss looks like he's walking on air it's because he can't get over the effect of those 15 champagne cocktails he had about a month ago.

Margaret Van Horn, Pi Phi, and a dark handsome stranger in her 3 o'clock entertain themselves by entertaining the class. One time they sat there and ate chicken feed—real honest to goodness stuff.

The Jane Chapeck-Don Christiansen romance, if you call such a thing "romance" after seven years of muggin'. is just one of those familiar sights around the Pi Phi chateau. The Delta Sigs suggested that he get a job there as janitor so he could be useful as well as ornamental.

Petite Eleanor Wise—the cute Sigma Delta Tau with the dancing feet and beautiful legs doesn't like the Illinois Campus. Well, we don't like Cincinnati either, shorty—so what!

Zita Herron, Theta Phi Alpha, is one little girl that might turn out worth while—she isn't so very good in art but she has other possibilities—??

We think, and he says
"She's kinda nice, I guess."
And then I look at him
And I say, "Yes."
He answers, quick-like
"Not as nice as you."
So I will smile, and
Maybe kiss him, too.
Then he gets up and
Lights a cigarette

And he says, "Well, you Haven't asked me yet." Innocent, with dumbness I've not really got I inquire, "Haven't Asked you what?" He looks tolerant, as Though I were a child, And tells me, "Honey You drive me wild." ——S—— ON HOW TO BE NAUGHTY AND STILL BE NICE

Ouestion

I want the lights that brightly shine
I want the men; I want the wine;
I want the thrills of a long-drawn
kiss;

I want the things that good girls miss;

1 want the fun without the price;
I want to be naughty, and still be

I want the arms, the heart of a man And still stay single, if I can.

Will some one give me some good advice

On how to be naughty and still be nice?

Answer

You can't have the man, the fun, the wine

Without the price, little girl of mine. You can't have the thrills of a passionate kiss

Without some forfeit and a risk. Arms? Yes, you can have them every day.

Hearts? No, men don't love that way.

Are you really looking for good advice?

You can't be naughty and still be nice. —Swiped.

Date (coyly)-"What for?"

Frosh (rubbing his finger across his nose and scratching his chin)-"Well-there's something I want to ask you."

Date (standing very close-so close that frosh retreats and begins pulling his ear)—"Couldn't you tell me out here just as well? Besides it's late, and mother told me never to be alone with strange men."

Frosh (dejectedly)—"Well it's so light out here and-I-want to-a -aw gee let's go in." (He rubs h's shoes over one another and on the backswing sends a milk bottle clattering down the steps to break in a million pieces).

Date-That makes me feel awful good. But after all we're too young to be falling in love. You've your career to consider. (She has her arms on Frosh's shoulders-who knows).

Frosh-I know that-but when a man's in love he doesn't think of his career, and I'm determined. I know what I want. I'm going to-(he hesitates).

SUMPIN'S WRONG

By Bob Wilt ●

It's been a long time since the critics and specialists in forecasting have picked an Illinois basketball team to be one of the top-notchers. But this year they are, and something seems wrong, yet perhaps we haven't taken time out to notice just what it is that stirs the writers to such pitch, and maybe we are missing something because we haven't.

In the first place, the energetic young coach, Doug Mills, at the helm of an Illinois team for the first time, has this to say: 1) We have the hardest schedule an Illinifive has ever had to contend with; 2) the team will be the most interesting to watch I have ever coached; and 3) watch us, even though we may not satisfy the advance dope.

What about the schedule? Illinois plays two games each with Indiana and Purdue, co-champions last year and who start this year with their teams intact except for the loss of one key man each: two games with Notre Dame, one of the country's outstanding quintets last year who begin with virtually the same combination; two with Northwestern who is anticipating its greatest season in years; and then DePaul, Chicago's warrior team which last year beat three Big Ten teams and lost by two points to the Illini. Add Iowa, Wisconsin, and Chicago and a few other non-conference tilts and it equals suicide-quite adequately-or else merited success.

Speed and accuracy are the most potent attributes of the players. Of the first ten or fifteen most likely to play, all are fast and deadly in their shooting. Coach Mills plans to allow them to employ their own style of play, let them be freer, and teach them a fast-breaking offense—

Well, this is sure a helluva time to think of that.

a style to cope with the varied abilities of Combes, Boudreau, Nesbit, Wardley, Farrington, Vopicka, Riegel, and Henry. Picture this team streaking back and forth, skillfully handling the ball, carefully angling its shots, expertly blotting out the scoring attempts of the opposition, and no wonder Coach Mills expects an interesting team with a fascinating style. The gym will be packed for every game-that adding to the spectacle; the opponents will always be formidable-an attraction in itself; and the Illini team-how can it be anything but interesting, 1

The first blow to any title hopes has already been struck, but it is not devastating. Harry Combes won't play until after Christmas, but he'll be rarin' to go then. Still there is Boudreau and others to carry on. Capt, Bob Riegel and his six feet four inches carries the height and ability for the center position; Louis Boudreau and Tommy Nesbit, wellremembered from the flashy, impregnable Thornton prep team; Wib Henry, defensively great; and Jim Vopicka, Jay Wardley, Chuck Farrington, and By Blout can cope with the rest, Mills smiles as he visions the happy basketball months of December, January, and February. We can too, for perhaps the critics aren't wrong.

But still, sumpin's wrong. Yes, if Illinois doesn't go places, something is wrong.

And I wish you many of them...

HOW to LAND that JOB

By Ted Rybicki

Being a specialist in job getting I am willing to offer all students (and Siren readers) a few important hints on how to land that \$1,000 a week job. Our first lesson will deal with answering newspaper advertisements by mail. Following is a sample of what a good letter should look like.

> Bird Center, December 25, 1936

Dear Sir:

I beg to offer myself as an applicant for the position advertised this morning, I am a young man, 37 years of age, have had 23 years business experience, being connected with the U.S. Embassy at Madagascar and feel confident if you will give me a trial I can prove my worth to you. I am not only an expert bookkeeper, proficient stenographer and typist, excellent telegrapher and erudite college graduate, but have several other accomplishments which make me desirable. I am an experienced snow-shoveler, a first class peanut roaster, have some knowledge of removing superfluous hair, and clipping puppy dogs ears, and have a medal for reciting "Curfew shall not ring tonight," am a skillful chiropodist, and a practical farmer, can cook, take care of horses, crease trousers, open oysters, and repair umbrellas, and am also the champion plug tobacco chewer of Alaska, my spitting record being 39 feet—against the wind.

Being possessed of great physical beauty, I would not only be useful but would be ornamental as well, lending to the sacred precinets of your office, that delightful charm that a Satsuma vase or a stuffed billygoat would. My whiskers being quite extensive and luxuriant, my face could be used for a pen wipper and feather duster.

I can furnish high recommendations from Chauncey Depew, Jacob J. Cokey, Kaiser Wilhelm, Captain Clark, the Prime Minister of Dahomui and George Vitoux.

As to salary, I would feel that I was robbing the widowed and swip-

ing brussel sprouts from Paul Dean and Charles Ashworth, if I were to take advantage of your munificence by accepting the fabulous sum of \$3.50 per week and would be entirely willing to give my services for less, and, by accepting the sum of \$1.30 per week would give you an opportunity of not only increasing your donation to your church, paying your butcher, and keeping your life insured, but also to found a home for fly paper salesmen, and endow a free bed in the cats home. Really, ole' man, your unheard-of bounty borders on the supernatural and to the unsophisticated must appear like reckless extravagance.

Can call any night after 00:0 o'clock, or can be seen Sunday morning in the loft of the church, State and Madison streets, where I am employed as first assistant organ blower, and understudy to the janiter.

You know it, Deacon Frishee

AIN'T IT THE TRUTH?

They were sitting on the porch, the two of them. He longed to take her in his arms, but he did not dare. She was trembling. She looked at him, and he saw the pathetic, heart-rending appeal in her troubled eyes. A million mixed emotions took possession of him; love and pity, mainly, and violent anger at this horrible thing that was taking all the joy out of her life. And he had done it! He had been responsible!

He was down. He'd thought the problem out from all angles, and he could see no hope, no silver lining for this cloud, blacker than all others. He turned away from her; he couldn't bear to look at her, realizing that she must hate him for being so helpless, so useless to her in this, her hour of need. After she had trusted him, he had failed her. He was a man . . . at least, he had always claimed to be, and he could do nothing for her. He felt himself losing all her respect, all her love. She could never see him again after this; he knew that. He would have to go away, to the end of the world, to escape that look in her yees, that horrible reproach and disappointment in him. He shuddered at the future that was in store for him. This misdeed of his would haunt him forever.

Suddenly a thought flashed through his mind. "I can, and I will!" He pledged himself silently and turned back to her. "My darling, we'll see this thing through. You know that I love you."

But the tears in her eyes were proof enough of her despair. She had lost all faith in him. Everything was ruined for her.

It roused him to a frenzy. He cursed the world and shook his mighty fists, knowing all too well that physical power, however great, was no good to him now. He had gone through three years of college. He had been a Varsity football man. He had done this and been that, and what was he now? A rotter! A cad who had destroyed a girl's happiness, and he was supposed to be in love with her!

She was crying now. "I can't go back to school next year," she sobbed brokenly. "I can't do anything. I want to die."

He choked on his words. "I can't ask you to let me kiss you...I am not worthy of that anymore. Darling, please stop crying, please! We'll find a way out."

She didn't answer. She didn't believe him. Wretched, he led her into the house. Spent and weary, she dropped into an easy chair and he tenderly placed a pillow behind her. "Life is over for me," he thought. "To think that one moment of indiscretion could do all this to us, when we loved each other so much."

And then, out of a clear sky, she stopped sobbing. She stood up, her face transfixed with unbelieving joy. The sun was shining again; the world was beautiful, wonderful.

The gardener stood on the threshhold, a tiny ball of fur in his arms. "Here's your kitten, Miss Janice," he said haughtily. "And as for you, young man, don't you go chasin' him up no more trees when you know how much he means to her. I almost broke my neck on that ladder!"

DISC 'N DATA

By Bill Hennig

Another month and another swell crop of records! Seems like huge increase in sales has spurred the record companies to turn the platters out in carload lots. Decca, with its great number of attractions, is issuing the most and the best discs on the market. Jack Hylton and his English orchestra have two new 12-inch records—selection from The Chocolate Soldier and The Merry Widow (15030) and a Gilbert and Sullivan medley (15029). Both are done in the symphonic style that made him famous. Incidentally, Hylton, according to Down Beat, will not be back in the U. S., due to booking rows, so his fans will have to content themselves with his waxings.

Glen Gray's Casa Loma outfit has new arrangements of two fine old stand-bys: Copenhagen and Jungle Jitters (1048) which contain the usual unbelievably brass work of this swingy aggregation. Bing Crosby accompanied by Ivan Ditmans at the piano croons at his best in Dear Old Girl and Just One Word of Consolation (1044) which ranks with his Beyond Compare. A brace of okay records are Two Hearts in Cuba and Creole Lady (1034) and On Your Toes with Hide and Seck (985) produced by Bert Ambrose's English band. Ambrose has taken the place of Ray Noble in England because of his masterful orchestrations of all kinds of tunes. Get an idea of what we mean by listening to his recordings of Limehouse Blues and Whatcha Gotcha Trombone For?

Victor's collection of ace dance bands is grinding out the pep tunes with great frequency. Guy Lombardo's Canadians ring the bell with their rendition of Ridin' High, one of the snappiest tunes in Cole Porter's new musical, Red, Hot, and Blue. This is coupled with a number appropriate to the season Now That Summer Is Gone (25440). The Victor Orchestra and Mixed Chorus have cut a medley of Red, Hot, and Blue (36190) that will appeal to those who prefer Broadway tunes.

Although Benny Goodman's work is beginning to have a stereotyped style (decidedly not swing, in the musician's estimation), the band still has some good passages and an occasional disc that is in the groove. **Alexander's Raytime Band** (25445) is one of these rare ones, but it is coupled with **Riffin'* at the **Ritz** which sounds like a poor sequel to **Stompin'* at the **Savoy**. The Goodman Trio has become a quartet with the addition of Lionel Hampton, sensational West Coast colored vibraharpist, and their newest release is

Sweet Sue—Just You backed with My Melancholy Baby (25473), and what more could one ask? Margaret McRae has succeeded Helen Ward and her first release with Goodman is Take Another Guess on top of Goodnight My Love (25461).

From the Broadway show of the same name, Frank McHugh is a timid and hen-pecked writer of greeting cards, who keeps to himself his weird gift of picking the winning horses. He has a book in which he notes his prognostications—Carrol Hughes, his wife, finds it and thinks he is two-timing her. He falls in the hands of three gamesters (Allen Jenkins, Teddy Hart, and Sam Levene) and the show ends in uproarious complications.

Coming attractions—"College Holiday," with Ben Bernie, Martha Raye, Burns and Allen, and "The Plainsman," starring Gary Cooper and Jean Arthur are highlighted on the list of coming attractions at the Rialto.

(Continued from Page 61)

There are rumors, suggestions and such that there was just a wee bit of mourning going on over in the Gamma Phi territory because of the Moss-Good (Kappa-Phi Delt) pin hanging.

George Rossiter threw another one of those parties at his home in Lake Forest—he invited all his Alpha Delt fraternity brothers and their drags—Tillie Simpson was there (nuff said)—in the middle of the evening Barbara Howell turned to Sherman Taylor and smiling very sweetly, said—"I just love Phi Delt parties."—Joe Hickman would have appreciated that.

Mista' Kentucky with the sou'th'n accent (Alpha Gamma Rho) might be slow of speech but he's quick in catching on to a good thing when he sees it—like little French girls with black eyes and 'francais accent.'

Jessie Mallow—another A. G. R., is always griping about the rules and regulations of this campus—"now at Ohio we"—Won't somebody introduce him to a Chi O and make him feel at home.

Gene Reedy, Phi Kap, reputedly spent \$30 the night of his house dance. He had an import date. Don't see what he found in Urbana to spend it on.

Peg Bower and Lee Oliver, Delta Chi, ought to charge admission for the little show they put on—everyone gets educated and it's all free.

Jessie McCraney that Chi Omega pledge with the whinny southe'n accent and hippy walk is one talkative gal. And she has a lot to talk about too—which makes it worse.

Norm Lewis—that Psi U cavalier doesn't let a little pin hanging job stop him—a life of spice is a variety of spice or something. Maybe he feels safe cause he has two pins.

Hugh Fowler believes he's doing a cruel thing to the poor girls on this here campus—He hung his pin on one of the little home town socialites—Local papers probably said 'Home town girl makes good with Sig Pi pin.'

Dolores Nagoda has been having one exciting life lately, between managing the Alpha Chi Omega plantation and the pride of Illinois—needn't mention his name—it's been in print too much now, anyway. However, no one has mentioned yet that nite in Kitty Davis's Cocktail Bar in Chicago when Spurgeon, the present—and Sayre, the past—were celebrating along with Costello and A. Pope, and room-mate Al. What a nite—but for further information about it all ask Toni Goddard, Gamma Phi, and Ruth Zinke, Kappa Delt. Particularly ask Toni about how her Aunt Mable's great illness helped the situation—.

Bill Haviland, Sig Pi, deserves a medal for bravery—after waiting about 35 minutes for Ruth Bateman, he walks out of the Alpha Gam dungeon—at 12 o'clock she calls the Sig Pi house frantically and he calmly informs her he 'got tired of waiting.'

Some Phi Gam got the shock of his life the other day when he saw a Phi Gamma Delta pin floating down the broadwalk towards him — he pinched himself and then moved up closer to inspect—imagine his surprise when he saw that very little Alpha Chi Omega, Frances Grant, hiding behind it.

Little Frances Wilson—that S. S. and G. girl from the Alpha Delta Phi house has such a pensive look these days —what is this thing called LOVE?

Peggy Oldham, Alpha Gam, can't cut loose from the Theta Xi's. When she lost out on that race between the Kappa's, Alpha Gam's, and A. O. Pi's, she mended her broken heart by dating Phil Douherty's room-mate. Nita Potter, A. O. Pi, came in first—so she borrows Scot Wellers pin so Phil can hang it on her—a house mother enters into the picture too.

Virginia Merriner, Alpha Gam, cut down on her activities and studying but she didn't cut down on her Zeta Psi—no sir—he must be soothing to the nervous system, or something.

Phyllis Burns, one of the better A. O. Pi's, looks well clinging onto Paul Neidhardt's arm—and they certainly did strut around at the Scabbard and Blade formal—that was probably one of Paul's big nites, too. Rosalia Freda has a romeo that can't be bothered calling her up directly for a date—he sends a telegram and demands an answer that way—and it costs her just as much to say "No" as it does for him to say a mouthful.

The Pitann sisters of the Alpha Phi domicile (dump) are up and coming blondes—however, Paula nearly had one big spill the nite she jumped on her date's hat at some radio dance—the 'gentleman' put out his arm and in one swing sends her sailing—a weak, muffled voice from the corner cried, "Ya' might at least wait until you got me outside." Yes, mister—that's what I say—where's your manners?

Speaking of blondes brings to mind the two "sirenish" pledges of the Alpha Xi Delt's. Marion Hales celebrated her birthday in one big way—while being enmeshed by Bob Roos (T, K. E.) charms, the lights went out. A new fuse is put in—again they all go out—what did she use as a bribe? Mary Alice Zielinski, that baby-faced, blue-cyed blonde, thinks men just a convenience, not a necessity. However, she was awfully happy when Bill Wyatt, a Deke, visited her in Chicago one week-end—maybe he's a necessary convenience.

Dotty Soukup, Beta Phi Alpha, made quite a hit at the Pi Mu Delt hard-times party. It wouldn't be hard for her to make a 'hit' any time, from what I hear—she has S. S. and G. with an "umph" to it.

June Underwood, B. S. O., is just a small town girl making good in a small-town way—she's been sporting a Pi Kappa Phi badge these last few weeks—remember Beloit College, June?

Kay Lightbody has been comparitively quiet and unnoticeable this year—for a Chi O, and for a Chi O. like Kay that is down-right exceptional. Speaking of Chi Omega's that get around in a quiet way—but Do get around, is dark-eyed Marion Snyder—Kammy's Annex with a Kappa Sig or two or three—that's college.

Silly, sappy, dizzy Bunny Pinniger is one Tri Delt pledge you can't keep down. She's intensely interested in only one subject—the first letter in this subject starts with M—, the middle initial is repeated twice in amiable—, and the word ends in N. Phren's on Green is her classroom.

Rachel Collins—that Harlow type of femininity—is putting the Tri Delt house more in the center of the map—so what. Speaking of the Delta, Delta Delta's brings to mind a little present they received a while back—a bag of rocks with the poem "A bag of rocks to a bunch of crocks"—they call this an institution of higher learning, and stuff.

Janc Rausch—transfer from Rockford college—and Theta pledge, is really hit "hard"—she thinks there is nothing like that one tow-headed Chi Psi—the sad part of the whole situation is that Jane has a double—Sarah Richardt, another pledge there. Now Dave is a near-sighted boy—and complications arise.

Caroline Agnew (KAT) pulls a fast one on a Psi U, a supposed man about town. Here he was toting her around and feeling like he was getting right in there and she ups and takes a Sig Nu pin. That's life, Joey.

FRESHMEN FROLICS

Prof. (in Rhet, class)—Give me a definition of humorist.

Frosh (who was honor student in high school)-A humorist is a guy who listens impatiently to your story and then tells a "good one" of his own.

P. E. Instructor-Did you take a swim this morning?

Freshman-No, is there one missing?

Prof. Blanchard (in a geography lecture)-In the arctic they live on candles and blubber.

Voice from back of room-1 think I would too if I had to eat candles, Frosh—What is the date, please? Prof.—Never mind the date. The

examination is more important.

Frosh-Well, Professor, I wanted to have something right on my paper.

Student Colonel-Hey, you, mark time!

Frosh-With my feet, sir? Student Colonel—Have you ever seen anything mark time with its hands?

Frosh-Clocks do. sir.

* * *

Senior-You say you flunked your physiology course? How come?

Frog-The instructor caught me counting my ribs!

Co-ed (frosh) - My economics course is becoming quite a problem to me.

Second Ditto - The professor should make you stay after class till it's easier.

First co-ed-He does, that's the problem.

CARVER'S say—it is

Just before Christmas,

and all through the store,

Each personal Santa is buying galore: For Grandpa a muffler as Scottish as heather, For Dad-pigskin gloves that defy stormy weather, For Brother, we mention some smart English hose, Or a few pocket handkerchiefs (not for his nose). For Uncle—a tie from a far-East Bazaar, Or a new fangled golf shirt to help him hit par; And if it's the sweetheart for gifts you inquire. (You'll want him to look like a page from Esquire) Choosing for him induces a frown, Here's a tip that will win him—a new dressing gown! And if he is fond of chasing "Bright Lights," Silk lounging pajamas will keep him in nights. Buying for Christmas undoubtedly wakes-up, The Peter Pan feeling that lurks in your make-up. You'll have to admit it's more pleasing than shocking, To find yourself wanting to hang up your stocking! We humbly confess we've outdone ourselves, We've practically piled the whole world on our shelves! The choicest of gifts from far and from near, Whatever you're seeking is sure to be here. To top it all off, you consider how nice is The fact that you're paying the fairest of prices! The store is so festive with colorful holly. The wreaths and the crowds, so happy and jolly, That even the red-paper bells seem to jingle! (A perfectly obvious rhyme for Kriss Kringle). It's all so exciting-why shouldn't you cheer,

Merry Christmas to all and a Happy New Year

"I'll wear a slinky, black, formfitting dress, dye my hair blonde, paint up as brightly as I can, put on some sensuous perfume, cross my legs as revealingly as I can, and chew and smoke as they'll let me in court.'

Her father, a staid old minister, objected. "But, dear, I can't let you go like that. You'll look awfully hard.''

Carelessly she replied: "Maybe. But so will the jury."

....THINGS

Among the better New Year's Eve party in the Chicago area that were attended by Illini was the one given at the Deke chapter of the U. of C. Plenty of spirit (s) was in evidence. The orchestra was too wet to play together, but it sounded too good to those present. Eddie Gleason and Joe Coleman, late of the Chi Psi shack, were present. Incidently, Eddie, who just graduated, finally completed his two basic years of military after failing to stay in it more than eight semesters. He ought to be eligible for a bonus.

Little Inez Caudera has been so busy writing other people's business in that now favorite column of the Illini that she forgot to mention that she startled halt the campus by giving back Tom Gunning's pin—Theta Chi.

Little Virginia Farmer, Kappa, and Bill Charle, Deke, have one big disappointment in life — Jane Mangus and her Deke are always spoiling their fun. For instance, Ginney and Bill spend a whole day fixing beautiful decorations for a party—they try to put them high so no one can tear them down -Jane Mangus and Milt arrive reach up their hands and nonchalantly pull down the whole she-bang. Virginia threatens to plaster poison ivy around next time.

Kit Porter, Tri Delt, is in such a habit of pulling fast ones that she unconsciously tried a trick that backfired. Fluttering her long eyelashes she coyly bet Bill Bowen. Phi Delt, that the cute little Pifi, Dottie Clark, wouldn't take his pin if he offered it—then she made the big mistake of making big stakes so he couldn't refuse. Dottie gets the pin, Bill gets a good looking girl for his very own, the Phi Delts get a box of cigars—and Kit gets an empty pocketbook, a broken heart, and a moral lesson.

Edith Lang, A. O. Pi, has only one big ambition before leaving college: she has been trying to get this in print for so long she probably will faint when she sees it. It seems the great Edie's only aim in college is to be in the middle of a football huddle—someday—comes to all who wait—life is like that!

February, 1937

'N STUFF...

There's been an awful lot of mud slinging done at one certain big little shot on eampus—a Phi Gam by name of Eddie ereampuff Dykstra. Here's the horrible truth: Said Eddie offers his pin to two gals at the same time—for awhile he pesters them both and both refuse. Well, after Helen Oehler, indep—and Cora Hanna, K. D., tell him to head in —he tried Jane Rennie—but she wouldn't have any of him. Now, he has one of his pins on home talent but this other pin is burning his vest—"who will take my frat pin." Finally, after much search a little blond on the Illinois campus, who didn't know what a shyster our Eddie was—took the bloomin' thing. Now Eddie is once more the 'man with affairs.'

The best story of New Year's Eve heard so far is the one about Carl Krause who woke up New Year's morning in the Elks Club hall in St. Louis—sitting in the seat of "JUSTICE." He doubts whether his sub conscious mind had anything to do with it—the word "conscious" wasn't in his vocabulary that night.

Altal Jokesch got a beautiful huge diamond dinner ring from her Sig Ep for Christmas which she is sporting around —beauty via beauty—and both are of the cold sort.

Imogene Sturgeon, Kappa '38, has a big sparkler from Ed Boyton '35. They expect the event to event itself in the near future—they already have one present—their new home from Boyton, Sr.

The shock of the year was when Roger Benedict—D U—grad in '36 from engineering school, came back and hung his pin on little dark-eyed Marie. He always said there would be a definite reason for such an act before he'd do it—"Marie definite reason Bartoni" sits and looks at it all day long and sighs for her Roger who is out of the state working. Definite Reason?????

Flash! The Scout Column has been told that they have to have more dirt—pin hanging, etc.—so they have a stooge in nearly every house—you can't trust your own friends now—if ya' ever could.

Also another guy—I was going to wake you, Charley, but the Prof. dragged the X-ray machine over here and gave you the quiz while you were pounding the pillow. We had to roll you over once though in order to get that Rye highball formula that you had stuck away between your cerebellum and medulla.

1st ditto=Could you tell how I made out?

2nd ditto-The orange light only

Seen free—The library during registration 1977.

A student (he hopes)—I understand that they're putting that new registration contraption back into use this term. You know, they started to use it last semester before it was perfected, and it manufactured seventeen Phi Beta Kappas before they could shut it off

Another ditto—You took some electrical engineering in that milk shake brewing course, Aloysiuis; how does the thing work?

Still another ditto—Yeh, tell us about it—l still can't figure out why they took out the North Reserve and installed that dynamo.

Aloysius—You see, each student on the day of his registration dresses in clothes which are the colors of his college—the commerce kids dress in grey, the L. A. & S. gang wears their blue, the engineers are decked out in white, etc. In this way they can be separated by the registration machine and sert into the proper college.

A cocd—Sure, I entered the L. A. & S. school just so I could wear my blue formal!

Aloysius—The potential registrite is lifted to the fourth floor of the library by an elevator and then is dumped through the proper color slot. He skids by a photoelectric eye, which automatically determines his height, weight, sex, and family affiliations. At the same time it prints the eighty two duplicate copies which later are taken from the registrar's office and used for the annual Homecoming bon-fire anyway.

Aloysius (is still speaking if anyone is still reading)—When the identification has been made, the head of each individual is exposed to an ultra ray which probes his mental capacity and determines what subjects interest him.

One stude—Now I can see why my room mate was recommended for Engineering 182—curbstone and sewer construction.

Aloysius—As soon as the machine completes its mental survey of the student, he is carried to the compartments of those subjects for which he is best fitted. Here he is stamped with the time and meeting place of his new classes and then released as a fully registered product.

All studes—But give us the day when they invent a contraption that will exterminate that ancient enemy of all collegians tried and true—Ye olde eighte o-clocke!!!

Fred Joerger is making funny noises in his throat these days—he's had a lot of fun being the "big man" around the Theater Guild and it's going to be just too bad and very sad to have to pass his authority over to Ted Glass—who is coming back to school this semester.

"No sorr; I only heard it."

"The evidence is not satisfactory," replied the judge. "Leave the witness box."

The witness turned around to leave the box and directly his back was turned be laughed derisively.

The judge, indignant at this contempt of court, called him back and asked him how he dared to laugh in court.

"Did you see me laugh, your honor?" queried the offender.

"No, but I heard you," was the irate reply.

"That evidence is not satisfactory," said Pat.

DISC 'N DATA

By Bill Hennig

Among the Victor records for this month are several which were cut in England. The Roy Fox band, one of Johnny Bull's best, is introducing to the U. S. a trio of swell European melodies which are superior to Tin Pan Alley's usual output. *Play. Orchestra. Play* is coupled with *Cafe Continental* (25438). The former is from the score of Noel Coward's mammoth production *Tonight at* 8:30, a series of nine one-act plays now showing on Broadway at the rate of three an evening. (For those interested in the Coward histrionic splurge there are available on three 12-inch records six widely diversified scenes). The other importation is the best of all. *Sevenade in the Night* (25488) is a number that should be a sensation. Paired with it is a guy Lombardo job, *That's Life, I Guess*.

Tommy Dorsey's orchestra is crowding Benny Goodman as the leading swing band of the country. Two songs from the English tilm Head Over Heels in Love are May I have the Next Romance with You? and the title tune (25487). The Dorsey boys scorch the wax on the latter. Another platter on which they ride is Jamborec, from the film Top of the Town, and the old standard Maple Leaf Ray (25490). Back with Benny Goodman is the one and only Helen Ward who scores on the smooth pop tunes Smoke Dreams, from the Powell-Loy flicker Ifter the Thin Man, and Geet But You're Swell (25486).

Ruby Newman's orchestra produced a record that cannot be heat for tricky arrangements. The smartest lyries of the season are sing by Florence Case, gal with a very torchy voice, in *Down in the Depths* and *What a Dummy Love has made of Mc* (25470). From two Broadway musicals, the first is heard in Cole Porter's *Red, Hot and Blue*, the second in Bee Lillie's *The Show Is On*. This record is not for children.

One of the most outstanding Decca orchestras is Henry King's. The pianist-conductor has finally grooved his beautiful theme song *J. Blues Sevenade* which is the obverse of *My. Day Begins and Ends with You* (1063), tenor Joseph Sudy doing both yocals.

When the Isham Jones orchestra disbanded its members decided to continue as a co-operative unit, similar to the Casa Loma band, with vocalist Woody Herman fronting it. The old Jones style is present in Mr. Ghost Goes to Town and Better Get Off Your High Horse (1079).

Ella Fitzgerald, sexy singer with Chick Webb's orchestra, is our idea of what a good swing singer sounds like. She may be heard on Swinging on the Reservation which is on top of Blue Low (1065) and on I Got the Spring Fever Blues above What a Shuffle (1087).

Will Osborne and his "glissando" orchestra slide their brasses all over Where Are You? and That Foolish Feeling (1075), both also from Top of the Town.

THINGS 'N STUFF

(Continued from Page 79)

It's a good thing Keith Young, KDR, quit the art school when he did. Many more Friday atternoons like that or November 20 and Frank Porter, Chi Psi, wouldn't be here either. Remember, Frankie?

On the most crowded bus in Chambana, Corky Korceek, TKE, yelled from the front, "Hey, Sam." Muffled voice in the rear, "Yeah?" Corky, "Come here."

Skippy DeMolin is a man of few words but much action. He hangs his pin on his Alpha Xi, Pearl Lauth and then has coke dates with the pride of the Delta Gam shanty. Speaking of Skippy reminds us of the Sig Ep formal—what did Roy Hendrickson find to do until 4:30 a. m. with his little blond import?

There's a sad story about a certain Sig Nu that brings tears to the eyes and a faltering of the voice. It seems this nice little boy donated practically his whole life to one blond—several years ago she ups and gets married—then divorce—then Amos again. It was all so sweet and he was counting the days—so was she, but it seems she had another plan in mind, and no Sig Nu was in it.

A certain Don Gaylord Jr., of Urbana, is a very indep sort of guy—but he has one horrible weakness "red satin lounging pajamas with a huge white dragon embroidered on the back." He dreams about them—draws them—and every week goes down to Kaufman's and gazes at them—what a man, Gaylord!

Extra Kappa News—Nancy Riley is deserting small town stuff for wide open spaces—and a dude ranch. Mary Jane Griffin is leaving for St. Mary's College—Notre Dame. Little Ceci Franks is doing nothing more illustrious than going steady with Stewy Morrison—Phi Kappa Sig.

Marg. McGarry, another A. O. Pi babyface has developed one horrible habit of talking in her sleep—she googoo's and gaga's half the nite and then suddenly shouts out—"No, I won't take your pin—I won't ever take any pin." When her sisters told her about it the next morning she claimed there couldn't be a word of truth in it—so you will after all, Marg.

Clarence (Chuck) Rowe (pronounced Rho) had to put off hanging his newly-acquired pin until his red head got over a severe cold—he claims there's nothing romantic in hearing "I lob 'ou, Cla-wence, sniff-snifff kereHEW." And Dolly Laurence can make the most G-awful faces.

Gene Young, prevy of Farmhouse, is getting razzed in one big way. It seems he has an awful time with his women being faithful. Last year he thought he had one little female all sewed up—and she up and takes somebody else's pin. This year he was getting up steamed about Jane McIntyre, K. D.—and she takes a diamond from the big moment at hime. "His mother didn't warn him often muff."

The Theta Xi's take a group interest in a special Gamma Phi. It seems she doesn't re-act right under pressure and the dear brothers finally decided to call it quits—that is, all but one.

"Braggerio Phil awful mess Douherty" has let his newly-acquired publicity go to his head — he thinks he's even better than he thought he was before—so the gal, Joe Miller, will certainly suceumb to HIS wiles!

Hank Radi, gave his chubby little blond at home a great big moment of overflowing happiness when he offered her his Lambda Chi pin. She's very happy—Hank's very happy—and so what the h—!

Fay Melville—Davenport House, has dated everyone from the Editor down to the office boy on the Urbana Evening Courier—in fact, one cub reporter suggested that she be added to the policy of the paper—except policies go on forever. Everett Hundley sort of sits back and watches the whole proceedings and hauls her out when he gets the chance.

One man about town, John Vahrenholds is a cynic on women—they are Burlaps—bags—frills—twists—freezes—pests—Janes—and dames. A gal isn't just a gal—a pretty, soft piece of feminent appeal — NO, she's a horse—a cow—a general nuisance.

Although Eadie Lang, AOPi, took Clare Aitken's Deke badge as a joke, she still has it. Does she think the Chi Psis next door feel bad about it?

Flash! It is rumored the Dekes have found a wonderman in their pledge class. They sure have been needing one. Could it be the "good looking" problem child, Jimmie Austin? He's the original "Joe College."

Artie Collins, Vince O'Malley, and Howie Dodge, the Chi Psi lovers, spent a part of their vacation at Ruthie Large's home in Rockford. Rumor hath it that all but Howie were their usual "crude" selves and that the Theta queen's family thought he was a perfect gent. The evils of drink. To all concerned, however, Dottee Turner, (pronounced Dotty Turner) Delta Gam, is wearing Delt Frank Horn's pin again. Wish she'd make up her mind. Remember, Frank, third time is the charm.

Wonder what "Willy" Locke, KDR, meant when he said "wait a minute" to Betty Annis in the Sager House vestibule the other night?

Those architects! Grable Weber, Psi U, remembers when he took hygiene. (Always remove wet clothing to avoid a cold, etc.) Weber must have feared pneumonia for he was working in the third floor drafting room in just his shirt while his clothes dried, that soggy evening in December.

This Jane Tharp, Sager House, R. C. A. Purl, Indee, combination seems to be serious. (That one-ninth of the alphabet stands for Raymond Charles Arthur, in case you're curious).

TKE Louis Petersen will be receiving callers at Mc-Kinley Hospital if we hear him say again, "Turn off Benny Goodman, boys, the Philadelphia Symphony is on."

Another Theta Chi, Haines—discovered he can't have his eake and eat it—or something. Anyway Thanksgiving he marries 'the only girl' and leaves her out in Oklahoma—eomes back and doesn't do so well with his A. B. C.'s—so he goes back to his bride with just a pledge button to his eredit.

Mac "Ain't I Good Looking?" Chandler, Chi Psi sophomore, is a hard man to down. It seems like the little bug which inflicts that horrible disease known as "sophomoreitis" hit him pretty hard last fall, and he has been going along in blissful ignorance ever since. What he can't understand is: why won't the Theta smoothies go out with him? Both "Toothie" Large and Jean Hoebel over there have been the objects of his affections, but they seem to prefer the company of other Chi Psis. Jean, the delicate one, stood Mac up about four times before he caught on. Chiseling does not pay.

Jeannette Lloyd, cute little AOPi freshman, and Dean Bohlen, Alpha Delt vice-prez, are very much in earnest. He is her only reason for staying in school, so 'tis said, but she will not take his star and crescent emblem 'til next June.

As long as the Courier has once been mentioned it would be good to bring in here the little story about the certain soph that spends his spare time working for the great newspaper. Now Glen Slusher has the unholy desire to be a "big shot" and if he can't be one he can at least talk one. So he tells his beautious admirers—including one Theta and one Gamma Phi (Weber) that he practically owns the damn paper. Imagine his blight one day when driving up with the truck, all dirty and hot, he hauled out a bunch of papers—suddenly looked up to see one of the girls standing near—so he runs and hides until she leaves.

Oh, these Simpsons—whether it be a king or a Jack pot—they get their 'object.' Now take this Tillie person of the TriDelt shack. She doesn't want notoriety, publicity—in fact, nothing to do with a scandel sheet. But secretly she's so proud of being in that she boosts the sales 25 per cent by buying so many copies and sending them around—she's a valuable gal to remember.

Out of the Waste Basket

We really didn't mind when two blackface comedians stole the key to our office and took all the exchange magazines with our jokes inside; nor when someone borrowed SIREN Queen Ann Meffley's picture just as we were going to press; nor when the best part of the only good joke in last month's issue was missing; not even when our last month's editorial (you can call it that too) disappeared-HELL NO. We really didn't get mad until someone swiped our tux pants the nite of the Sophomore Cotillion -We just laughed-like H-E-L-L.

Well, here it is February again, and a new semester; and Boy! doesn't it feel great to be back? (if you didn't get back just forget this because we wrote this last semester so maybe we aren't here either).

Maybe we are a little late, but here are our resolutions: More dirt, and not this sissy stuff that the IL-LINI calls "scandal"; no stuff about Chi Omega, it's new house - or houses; not many dirty remarks about that lousy, terrible, unfunny, campaigning Scout column. Nor will we say anything nasty or naughty about anyone (not much), or write

any more good campus humor, or draw anymore cartoons, or get any more ads to keep this damn thing going. HELL NO we won't-and we won't be here either.

So now that all the politicians have chosen the real beauty queens for us let's sit back and watch them tear themselves apart in the elections (we hope). And as w----HELL! someone stole our typewriter--

Yours.
